

Are you a  
School  
Teacher?

A free session at **Metro Tunnel HQ** is a fantastic way for your students to learn more about the Metro Tunnel Project.

Activities in our classroom space are designed for groups of either primary or secondary school students, targeting careers learning and STEAM skills.

Visit our **Education page** to learn more and make a booking:

It should be noted that this information is current at the time of printing, however due to unforeseen circumstances, changes may occur. Please visit [metrotunnel.vic.gov.au](http://metrotunnel.vic.gov.au) for the latest updates.

Enter the world of  
the Metro Tunnel

MT0556

Located in the heart of the CBD, across the road from the Melbourne Town Hall, our visitor centre is a great place to find out more about Victoria's biggest ever public transport project.

- > Try our virtual reality goggles and experience the world of tunnel boring machines
- > Use the interactive screens to discover the benefits of the Metro Tunnel for your train trip
- > Play the Metro Tunnel digital game. Can you beat the best score?
- > Chat to our staff about works in your area

Take a look at how we're transforming the way people move around Melbourne

9km twin tunnels  
5 new stations  
7,000 jobs  
**More trains, more often**

The Metro Tunnel Project will **untangle the City Loop** so more trains can run more often **across Melbourne**.

The Metro Tunnel will be the centrepiece of a **new end-to-end rail line** from Sunbury to Cranbourne/Pakenham. Trains on these lines will have their own tunnel through the CBD, **creating space in the City Loop** for trains on other lines.

As a result, room will be created on the network to enable an **additional 504,000 passengers per week** across Melbourne's train network to use the rail system during the peak periods.

The Metro Tunnel Project utilises world-leading construction technology but much of the activity will be underground. Audio-visual and augmented-reality installations at our visitor centre will bring the project to life.

Representatives from Rail Projects Victoria and the Metro Tunnel construction contractors are on hand to answer your questions about the project, and provide up to date information about current and future disruptions.

## How the Metro Tunnel can benefit you

Up to 7,000 jobs including 500 apprentices, trainees & engineering cadets

Help to maintain Melbourne's status as one of the world's most liveable cities

Safeguard the prosperity of Melbourne's economy by making travel more efficient and by connecting people with jobs

Open the way for the urban renewal of key areas of Melbourne

Enhance passenger safety with international-style platform screen doors installed in the five new underground stations

More train trips will reduce road congestion

Provide direct rail connections to some of Melbourne's leading universities, hospitals and employment areas

Pave the way for future expansion of Melbourne's public transport network

Less crowding at CBD stations and travel time savings for passengers

To Cranbourne/Pakenham →
