# Ten Things About Me

At St Bernard's our school motto is 'Where you are known'. Known both as an individual and learner. To develop relationships, and start to know your child further, we ask that you sit with your child and write down ten things you all want the staff to know about your child. [interests, passions, strengths, challenges]

This information will be used by your child's classroom teacher, and staff at St Bernard's, to build a positive relationship with your child.
