

NEWMAN COLLEGE SCHOLARSHIP AND BURSARY OPPORTUNITIES

Each year, over 220 students receive some sort of bursary and/or scholarship support while residing at Newman College. The majority of bursary support in the College is directed towards students from country regions of Australia, and it is possible to hold a bursary and scholarship at the same time.

SCHOLARSHIPS

Students do not apply for a scholarship. These are awarded upon your academic results.

- For first year undergraduates, these are based upon ATAR or equivalent scores.
- Students who were the Dux in Year 12 in their school are eligible for a scholarship.
- For returning undergraduates, a university H1 average normally qualifies for a scholarship.
- Scholarships are renewable each year depending upon results.
- All graduate students qualify for a minimum scholarship (normally a Rector's Exhibition) of \$3,000 p.a.
- Scholarships range from \$1,000-\$10,000 p.a. and are awarded via a remission in fees.

BURSARIES

The College is fortunate to be able to provide bursaries to many students in the community. These bursaries exist to enable young men and women, who would not otherwise be able to attend Newman College, to do so. Bursaries are awarded depending upon the financial circumstances of the student. Students wishing to be considered for bursary assistance need to write a letter to the Provost detailing the reasons for their application. In this letter it is important that they address the following matters:

- The financial circumstances of their family.
- Details of Centrelink payments they currently, or will, receive.
- Any other scholarships or financial aid they receive.
- Other anticipated income for the year.
- Details of the number of dependent siblings in their family.
- Any other matters that are deemed relevant.
- Bursaries range from \$1,000 to \$10,000 and are paid via a remission in fees.

Following receipt of your letter, your application for a bursary will be discussed with you at your interview with the College.
