Ever wondered what it's like to study a creative subject at university? If you're in year 10-12 join us on Caulfield campus to experience what it's like to be a Monash student.

We have three workshops available – choose from Art, Design, or Architecture.

Art: Take a guided tour of the Monash University Museum of Art (MUMA) then participate in an immersive studio project where you'll be challenged to create a new work in response to what you've seen. You'll also have the opportunity to talk to lecturers about your own art practice.

Design: Be ready to make, break and explore your design ideas with this interactive workshop that incorporates communication design, industrial design, and spatial design.

Architecture: Do drones know this city more than we do? Take part in a hands-on group project to uncover some possible answers.
