

Higher Apprenticeship Program

New pathway.
New possibilities.

Earn while you learn as a PwC Apprentice and create your career, differently.

PwC is one of Australia's leading professional services firms, bringing the power of our global network to help Australian businesses, not-for-profit organisations and governments improve the way they work.

Traditionally, there has only been one route when school comes to an end. University. Degree. Career. But things have changed. The world of business is rapidly evolving, and so are we. We are proud to now offer students the chance to join us straight out of high school.

As an Apprentice, you'll develop your skills across business and technology while completing formal training and studying towards a qualification, at the same time!

With a competitive starting salary and a on-the-job learning, we will provide you with the coaching, training and development you need to act with confidence, align your work with your passions and create a meaningful career that grows as you do.

Create change through technology

Technology is disrupting the way we approach business. From Artificial Intelligence to Augmented Reality, Blockchain to drones, robots to the Internet of Things, and 3D printing to Virtual Reality, new technologies are constantly emerging. At PwC, we're helping our clients to explore how they can use technology to solve important problems.

Our program

The PwC Higher Apprenticeship program will give you the opportunity to complete a qualification in technology.

Just like our graduates, you'll work on varied, challenging clients or internal projects, which make a real difference to the world of business.

You'll be coached by experts in their field, and at the same time, thanks to our study support, you won't need to worry about paying for course fees, textbooks or materials. That means no student loans and no tuition fees.

Upon successful completion of the Apprenticeship program there is the opportunity to advance your career by joining our Graduate program.

What's in it for you

- > Employment with PwC
- > A nationally recognised qualification (without any debt)
- > Study leave
- > Industry relevant work experience

Why an Apprenticeship

- > You're keen to start your career and earn a salary as early as possible
- > You're concerned about the cost of going to university
- > You prefer on-the-job learning to full-time study
- > You respond well to coaching and feedback
- > You like to be independent and challenge yourself

Who we're looking for

You might not know it, but you've probably got many of the skills we are looking for. Your academic studies, hobbies, part-time work, fundraising or sporting achievements all showcase your talents and the kind of person you are. Think about what you do, how you do it and how this could be applied in a professional services environment. And then share it with us.

Who can apply

Individuals who have obtained a high school certificate (HSC, VCE or equivalent) and are Australian citizens or permanent residents.

Sound like you?

Great communicator

Motivated

Passion for tech

Curious

Problem solver
