Welcome to OLA!

School is going to be lots of fun. We have lots of lovely people here to take care of you when you are at school.

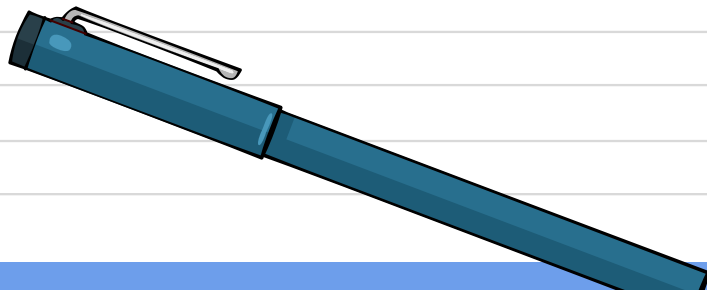

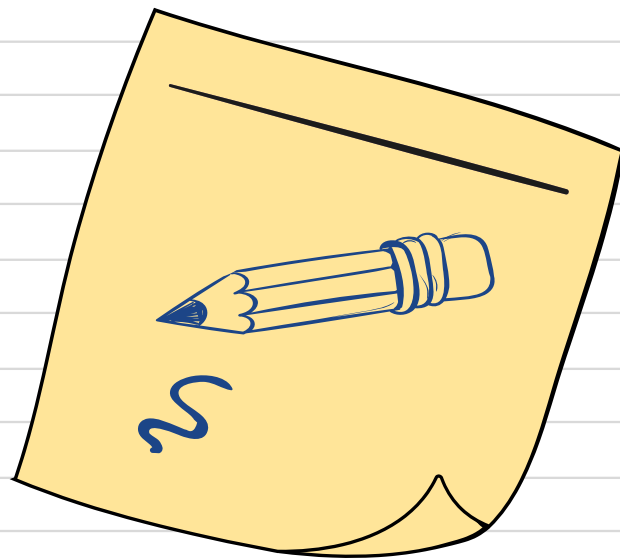

There are many children at school to play with and we know you will quickly make friends. We hope this story helps you get excited and helps you learn more about your new school. See you soon.

This is my classroom where I have fun and learn with the other children in my class. I like learning the names of all the other children and they learn my name as well.

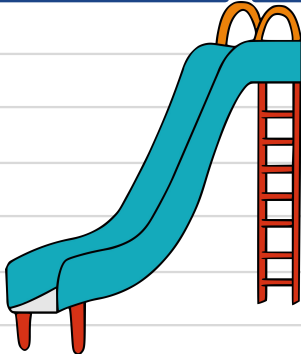

There are tables and chairs in the classroom and a mat where all the children can sit to listen to the teacher read us a story or to help us to learn new things. We pray and learn about Reading, Maths and Science.

There are big kids at school. The children in Grade 6 are the oldest and they look really big. These big kids can be your buddy and they will help you to feel safe and happy at school.

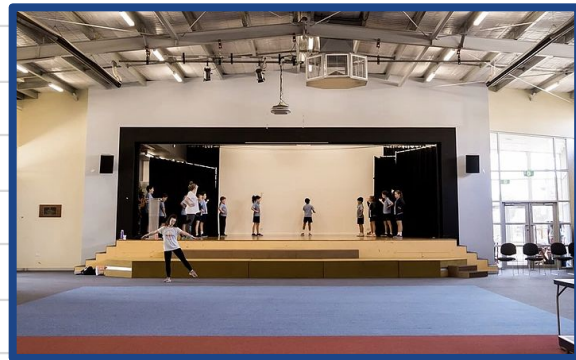

This is our playground. It is fun to talk, laugh and play with my friends in the playground at lunch and snack time.

I have lots of fun at school and learn a lot of things. I might see some old friends there and make some new friends.

I know how to do a lot of things at school because I have done them before. I draw, paint, paste, count, play, listen to stories and sing songs at school.

School is going to be great fun.

We can't wait to see you!
