Dear Resident/Business Owner

## Robinsons Road Level Crossing Removal Project – construction update

We're getting on with the job of removing the dangerous and congested level crossing at Robinsons Road, Deer Park by building a road underpass under the rail line.

The level crossing removal works at Robinsons Road in Deer Park are ramping up to open the new road underpass in September this year.

### Throughout August, we will:

- continue around the clock works on the tanking slab in the new road alignment
- continue construction of the shared use path and drainage
- continue landscaping works adjacent to Westwood Drive and Robinsons Road
- commence public lighting and traffic signal installation along the new road alignment
- upgrade the left turn lane into Hatchlands Drive from Robinsons Road
- relocate utility services along Westwood Drive.

### Out of hours works

- We'll continue to work outside our normal construction hours in the new road alignment between **6pm and 5am** until **mid-August**.
- One night shift will be required between **Monday 1 August and Thursday 4 August from 8.00pm to 5.00am** to install concrete barriers along Robinsons Road between the level crossing and Hatchlands Drive.

### Traffic changes

- The left turn lane from Robinsons Road into Hatchlands Drive will be closed until **late August**.
- The left turn movement is still permitted into Hatchlands Drive from through traffic lane.
- Intermittent day time and night time lane closures on Robinsons Road, Westwood Drive and Quinn Street may be required at times
- Reduced speed limits and traffic management will be in place throughout the project area.

### What to expect
