Weeks 6 & 7

The children at Kelly Club have been involved in a lot of different arts and craft activities over the past fortnight. We provided the children with different materials such as wool, sticks, coloured paper, cardboard and more, to be able to create something unique with their own ideas. The children also participated in making playdough, masks and diamond art. Making the playdough was a big hit! The children loved getting messy with it, so we extended on this by having messy play with shaving cream and finger painting.

The children also really enjoy sport games. This week we have played football, soccer and basketball. The children learnt some new outdoor games and have increased their social skills by learning to play fair and respectful with each other.

Next week we are going to be creating some lovely Father's Day gifts for our loved ones.
