CERES

Cnr of Roberts and Stewarts Streets Brunswick East 3057

Ph: 03 9389 0127 , www.ceres.org.au

Certificate II in Horticulture (AHC20416)

2018 Course Information

This nationally recognized qualification is from the AHC Agriculture, Horticulture, Conservation and Land Management Training Package.

Completing this qualification in part or in its entirety at CERES Community Environment Park provides students with a range of skills and units that are transferable to further study or a career in horticulture.

Students are involved in the full garden cycle from planting the seed to harvesting the crops and building and landscaping projects. They learn a range of horticulture skills such as propagation, planting, pruning trees and shrubs, landscaping and plant and weed identification whilst working in our 4.5 hectare urban farm in East Brunswick.

Wednesday VETiS runs 1.30 – 5.00pm and commences 7th February, 2018.

Units

CERES provides a blended class for first and second years with units rotating annually. Units being delivered in 2018 are as follows:

AHCPMG201 Treat Weeds	AHCWRK209 Participate in environmentally sustainable work practices
AHCLSC201 Assist with landscape construction work	AHCPGD206 Conduct visual inspection of park facilities
AHCNSY201 Pot up plants	AHCNSY203 Undertake propagation activities
AHCPER208 Harvest permaculture crops	

What our past students say...

"I think the course is perfect!"

"One of the best aspects was the friendliness of the staff"

"Getting to work in the field and do the practical activities was the best"

"It's my favourite class of the week"
