

*Year 8  
Meeting  
Week 6*

## *Reminders*

- Thank you to everyone for completing your subject selection forms online!
- Please make sure you are part of our Google Classroom! Code is: **3vna2yj**
- Announcements from Ms Andrews or other exec

## *Note from the SRC*

- Nominations for the 2022 SRC will be open tomorrow
- You will be sent a Google Form by Ms Jenkins via email tomorrow
- If you would like to be nominated for SRC in 2022, please fill out the form with your name and a bit of information about why you would like to be a part of the SRC

# Hello!

Let's do a check in!

On a scale of 1-10 how are you feeling this week?

(Comment in the chat box!)

*Theme for this  
week:*

How can we be creative  
at home?

Type your response into the chat box on Zoom!

**What have you been doing at home with the spare time that you have?**

Examples: walking the dog, eating chicken nuggets, rearranging your room, listening to music.

Let's see what other people have been doing!

The video below is a compilation of creative ideas from when the world went into lockdown last year. Maybe there is something you can do from the video!

<https://www.youtube.com/watch?v=yRwsHPwz3mA>

# *Now you try!*

Here are some ideas to keep you creative during lockdown!

- Try creating a new dish out of the ingredients in your kitchen (if it is good you can send it into the SRC cookbook!)
- Do a photo-a-day challenge (there are hundreds online!)
- Set a creative goal for the week (e.g. "In my spare time I will create a new world on Minecraft where everything is orange")
- Draw something that you see everyday
- Write a song
- Film a music video to your favourite song
- Build a fort using blankets and pillows

# Its Kahoot Time!

Last week's flag guessing game was very impressive so this week we are going to step it up!

We are going to play a Kahoot on Disney to see who knows the most!
