

KELLY CLUB AITKEN NEWSLETTER TERM 2

For the remaining weeks of Term 2, the children at Kelly Club participated in themes such as Autumn, Friendship and Grade 2's week. They were engaged in a variety of different activities such as making slime, playing soccer, making apple crumble, creating friendship bracelets, group games and much more.

The children are very involved in all the activities and love that they get to feel included with the planning each week.

With holiday program approaching, we have many new and exciting activities planned to keep the children busy! We will be going on a number of different excursions and have some fun incursions planned for the children. If you would like to make any bookings please do so via the Xplor app or to please let us know. Keep in mind some days have limited spots available so please get in quick so your child/ren do not miss out!

We would also like to welcome Alka, who has joined the Kelly Club family and will be helping out at our program. Alka has worked with children prior to joining in family day care and is a great addition to the Kelly Club Aitken team.

Important Notice-

All bookings during school holidays will be deleted unless families have requested holiday bookings. Please get in contact with us if you would like any bookings during the school holidays.
