MISSION

Koo Wee Rup Secondary College's mission is to provide an inclusive and sustainable learning culture in which all our students develop the skills and personal qualities necessary to participate positively and confidently in a changing global community.

OBJECTIVE

Our school's objectives are considered as part of the 4 yearly strategic planning process and reflected in the goals listed in our current School Strategic Plan (SSP). We also develop an Annual Implementation Plan to operationalise the goals and key improvement strategies contained in our SSP.

VALUES

Koo Wee Rup Secondary College's values are Connection, Respect and Growth. These values underpin the decisions we make in designing an effective learning community.

Our value of Connection refers to the connection we support students to build with each other, their teachers, and the wider community. As a school we also strive to build connections with our parent/carer community to build a strong learning partnership with each student's family. We also seek to help students build learning connections, and to find links between what they learn at school with the world outside of school.

Our value of Respect celebrates the importance of positive social and learning interactions. We set high expectations of our school community to consider others, learning resources and education with respect.

Our value of Growth underpins the opportunities we provide to our students to expand their potential, resilience, and independence. We believe that with a growth mindset, students can achieve positive change, in themselves and their community.
