

That's

OUTRAGEOUS! weekly

Breaking News

That's Outrageous Volunteers Needed

Have you ever wanted to report news? Have you ever wanted to make a newspaper? Have you ever wanted to interview people? Well, if you have any interest in news reporting, then That's Outrageous is a perfect place to start. (Continued page 3)

Term 2 kicks off with ANZAC day and the federal election. I any of you

are reading this sentence and you have absolutely no idea what this newspaper is all about, then go to page 3 to find out more. Also, the results of the drawing competition in the last issue have just been released (see pg.2) and the grade 6's first interschool

sport games were played last Friday at Cartledge Reserve (except Netball), continued page 5.

English Club

Written by Ella

The house captain team have decided on a new initiative, conveying support for an English or Quiet club during lunch encouraging students to read or finish off work with the guidance of house captains with Mr. Pearce supplying supervision and support. This club will start on Tuesday week 3 in the spare classroom, beehive (2nd Story) and will continue every school lunch. So, if your seeking extra time to finish off work, need some quiet time to sit or read, or just want the time to relax come to the English club debuting on Tuesday the 6th.

Drawing Competition Results

Written by Alicia

As you probably don't know (unless you were in 6P), last term That's Outrageous held a drawing competition with the theme of 'A greener future'. The judges were Ella and I (Alicia), it was difficult to decide on a winner. However, we are happy to say that the results have been decided.

In fifth place we have Marcus (6P). in fourth place, we have Jamie (6P). In third place we have Ged (6P). In second place as the runner-up, we have Grace L (6P) and with her amazing art scoring first place, we have Georgia (6P).

Good job, to Everyone who entered the drawing competition as they all did an amazing job. Congratulations to all the podium, but remember,

this will not be the last drawing competition that we will host so be ready to create your next wonderful drawing.

VOLENTEERS NEEDED

Have you ever wanted to report news? Have you ever wanted to make a newspaper? Have you ever wanted to interview people? Well, if you have any interest in news reporting, then That's Outrageous is a perfect place to start.

What Is OUTRAGEOUS?

Firstly, what is That's Outrageous? That's Outrageous is student run newspaper previously exclusive to Grade 6. However, now, after the principal and vice principal's approval, we are now preparing to expand it and sell it to raise money for the school. This week, we have made it free so you can have a taste of That's Outrageous. Then we aim to sell it for any amount of money that is in the form of a coin (excluding 5c), this enables you to buy it with change.

Requirements

However, we cannot write a newspaper for the entire school without help. Currently, we have fourteen people writing, interviewing, and editing, but, as we are expanding to the whole school, we need more volunteers.

To volunteer, we have three requirements:

- You can read.
- You can write.
- You must be able to access Microsoft 365 at school and at home.

Ask a student: Math or English?

Written By Edward

Maths and English. They two subjects that you must learn about quite a lot. So, at some point, you have probably thought that one of them is better or more fun than the other. I certainly have. But do people agree with me? What does everyone else think? And that brings us to the big question: do Ivanhoe Primary students like maths or English more?

Before I answer this conundrum, we should understand why people would choose one over the other. English involves writing and reading, so those who love creating worlds and the stories that take place in them are likely to choose English, as will the bookworms of the world. On the flipside, if calculating, measuring, problem solving and mapping is more of your vibe you are likely to be one of the Maths supporters.

And now, for the moment of truth, was the winner Maths or English? Drumroll please. (Budda- budda -budda -budda -budda -budda -budda-BAM!) ...It is MATHS!

Of course, the survey I completed (which involved simply asking people for their opinion on the matter) couldn't possibly get *everyone's* opinion. If you want to voice your view, simply come to Edward from 6P (who may or may not be Captain Sutherland...).

Interschool Sport

Last week, the year sixes had a home game against Ivanhoe east at Cartledge Reserve (except Netball). Both netball teams won against Ivanhoe east and the T-Ball team unfortunately lost. The football team (as shown) played hard but unfortunately also lost. The netball A-team's MVP was Charlotte, and the B-team's was Amelia. For AFL A-team it was toby and for the B-team it was Edith. But overall, everyone played hard and had a fun time.

Federal Election

Written by Simon

Once in every 3 years, Australia has a federal election, for everyone to vote on who they think they want their representatives in the senate and the house of representatives would be.

Schools, churches, community centers and many other places held as a polling place on the 3rd of May. Our school was one of the thousands that also served as a polling place during the election.

With the help of students and families, the school held a democracy sausage barbecue and a cake stall, which all successfully raised money for Grade 6 Camp.

Weather

This is the estimated weather for this week:

- Tuesday H: 25 L: 16 Sunny
- Wednesday H: 21 L: A Shower or Two
- Thursday H: 17 L: 10 Cloudy
- Friday H: 19 L: 8 Sunny
- Saturday H: 21 L: 7 Sunny
- Sunday H: 21 L: 8 Sunny
