## **ABC MUSIC TEACHERS**

All of our teachers hold a University Degree or Diploma in their field and also hold WWCC and all covered under Work Cover, Public Liability and Superannuation. They understand that theory and technique is an important part of music but that the students also want to have fun in the lessons. We play music games to reinforce what has been taught in the lesson and also make sure that the students are playing songs that they know and enjoy playing as well as their technical works. On our website we have all [our teachers](#) bio and pictures so parents and students are familiar with their music teachers.

## **CONCERTS & SCHOOL ASSEMBLY PERFORMANCE**

End of year shows/concerts and assembly performances during the year are something we do really value as it build students confidence. Also allows the parents to see what their child has been learning as well as allow the other students in the school to see what they could partake in the following year or term. Students perform in ensembles or solo and we use contemporary music, songs from pop to rock as well as classical music.
