Special Announcements

OLA OSHClub - School Fete

We are super proud to announce that our OSH is going to be present at the school Fete in November. We will be there with some fun activities and goodie bags.

What's been happening...

Welcome back!

Hello to our families and children!

We're almost there... It feels like this term is flying by so quickly! These past 2 weeks we have started working on our goal and explored 2 different countries and their culture. We started with the children voting which country they wanted to learn about first. They decided to start from Greece, we learnt some phrases, made spanakopita, and played Greece's favourite sport...soccer. We then moved on to Scotland where we tried to speak Gaelic, made traditional shortbread, and made mini bagpipes... we apologise about the noise at home, but the children loved this! Next we are off to Italy and Egypt.

The children were so interested and engaged well in all the activities planned. We have also started a new club, Art Attack where we explore the mix of Art and science... we did a fizzy art wall and expanding wiggly worms. This club runs every Tuesday.

We have set up a community pantry where the supply is donated and given by people who have a surplus amount or want to help others while those that are in desperate situations can take what they need. Please help us collect more items.

See you all soon, have a great day :)

Community Projects

Family & Community Engagement

For this Term we are organising to collaborate with St. Vinnies and do a big cookout to support the people in our community without a home.

This is a project we also did last year, and they were so grateful for our help.

We are also setting up a community pantry. Please, if you have a surplus of canned food, pasta, rice or other goods you can donate, we will be happy to have them. At the end of the Term items will be donated to St. Matthews church to go towards Matt's Place.
