Dear Mrs Hatton,
We ABSOLUTEy need a
3D pen!

Firstly, it will help us with handwriting. For example it will help people with words that are trickey such as R.

Secondly, The 3D pen dont cost mubh. compared to a 3D printer they are much cheeper.

Lastly, They are safe.
Did you know that you
cant touch it without getting
burnt.

Plecae Mrs Hatton can we
have a 3D pen.
