WHAT'S BEEN HAPPENING

Hello Parents,

This term, the children have been enjoying lots of exciting activities in our clubs. In Drawing Club, we have been practising shading techniques using charcoal and learning how to create light and dark tones in our artwork. In Knitting Club, we have been learning how to use knitting needles and developing our knitting skills. The children have shown great patience and enthusiasm while learning new techniques.

Throughout the term, the children have participated in a variety of craft experiences and group activities. One of their favourite experiences has been using the large parachute together, working cooperatively to move it up and down and engaging in fun group games. They have also enjoyed creating their own unique artworks and creations. It has been wonderful to watch the children express their creativity, build confidence, and enjoy learning and playing together.
