

The content below outlines the solutions and software modules available on our nPortal.

## Our Solutions

### Student

Our academic performance tracking system is designed to provide educators, parents, and students with powerful tools to assess, track, and enhance academic achievements.

### Parent

Our parent-teacher meeting platform redefines this essential connection, making it more accessible, convenient, and productive than ever before.

### Staff

Our calendar management system is the compass that guides your school's schedule, ensuring that everyone stays organised and informed.

## Modules

### Notices (Publications)\*

#### Newsletter

#### Forms (consent...)\*

#### Parent Teacher Meetings\*

#### Medical

#### WellBeing

#### Academic Reports\*

#### First Aid

#### Calendar

#### Roll Marking for parents via Portal\*

#### Mobile APP

*\*Currently available on the Mobile APP*

# nForma Modules

## Notices (*Publications*)

- Notices allow schools to efficiently disseminate information to a wide audience
- Schools can provide timely updates on various matters
- Going paperless with electronic notices can lead to significant cost savings on printing and distribution
- Electronic notices can be more secure than physical notices
- Notices are typically archived within the system
- Schools can analyze data related to notice engagement and responses to improve communication strategies

## Parent Teacher Meetings

- Parents gain insight into their child's academic performance
- Teachers can tailor discussions to address challenges
- Parents receive guidance on how to support their child's unique educational journey
- Encourage parents to become more involved in their child's education
- Parents can gain understanding of school policies, curriculum, grading systems, and extracurricular opportunities

## Newsletter

- Keep parents informed and up to date
- Going paperless with electronic newsletters can lead to significant cost savings on printing and distribution
- Previous newsletters are available for parents to look back through

## Medical

- Keep track of known allergies or medical conditions
- Flag students with severe conditions such as anaphylaxis
- Record details of medication, dietary requirements etc.
- Easily access contact details of doctors or other health professionals
- Upload relevant medical documents

## Forms (*consent...*)

- Digital forms reduce the time and effort required for form submission, processing, and storage
- Digital forms include consent from parents
- Parents can instantly access and review submitted forms
- Digital forms eliminate the costs associated with printing, photocopying, and storing paper forms
- Digital forms are designed to engage parents and students in various school activities

## WellBeing

- Track information that teachers have entered for students over time
- Link documents or supplementary reports
- Summarise all information in a grid view for any class
- Record student welfare information such as:
  - School Support Programs
  - Agencies Involved
  - General Notes

Available for both iPhone and Android

## Academic Reports

- Teachers can work from home or school
- Teachers can see their progression in an instant
- Teachers can see past scores and comments as they write reports
- Administrators can set up the reports effectively and easily, with changes available to teachers immediately
- Principals can see teachers' progress and assessment data instantly
- Principals can edit teachers' assessment data easily at any time
- Principals can see how the whole school is progressing through the assessment process in an instant

## Attendance

- Numerous reports are available on students' attendance
- Track students with unexplained absences
- Produce AGDoE reports or yearly attendance data
- Flexibility to define your own reason and communication types

## First Aid

- Record details of incidents that require first aid
- View a history of incidents for each student
- Ability to instantly notify parents of incident
- View a list of incidents by type, location etc.

## Calendar

- Keep staff and parents informed of upcoming events
- Easily add events to the calendar
- View events for a month, week or single day
- Can connect your school's Google Calendar

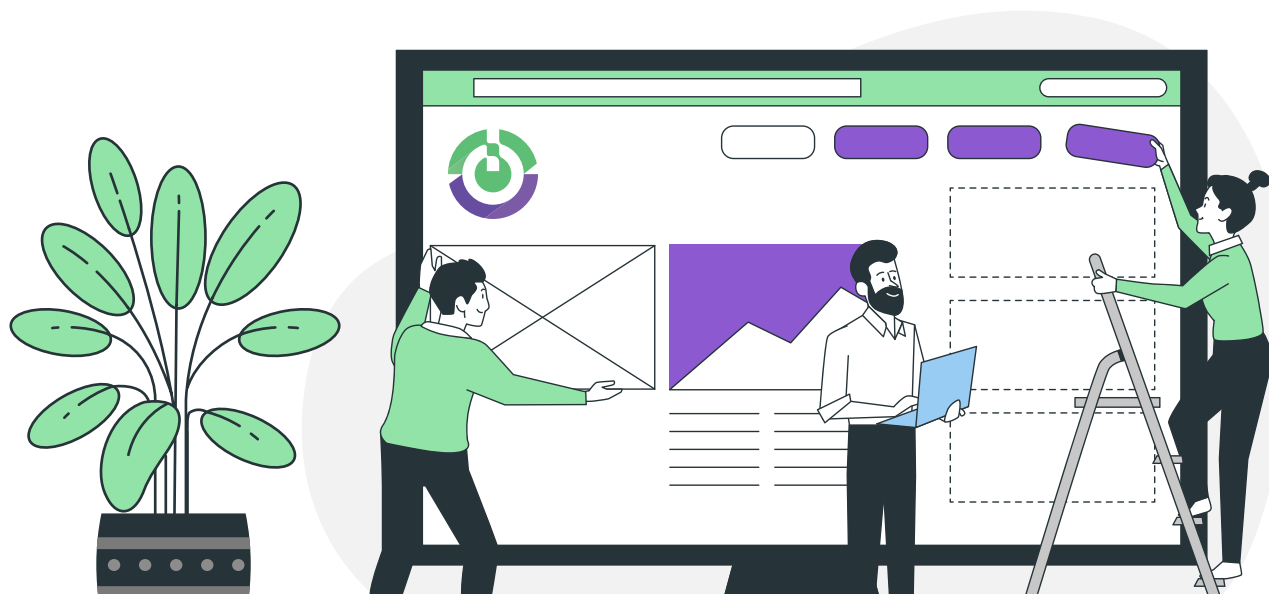

## Roll Marking for parents via Portal

- Parents can quickly and easily enter an absence for their child
- Submit future absences such as upcoming appointments
- Review the attendance history of a child

## Mobile APP

- Faster, easier and more secure
- Access modules from within the Mobile APP
- iPhone and Android versions available
