

Hitting Heads

By Zack

Have you ever hit a person on the head with your head? Well here you go.

Mia and I hit each other's heads by accident in 2021 at school.

I was at school putting my lunchbox in my bag. When I went around the corner I hit Mia on the head with my head. It was an accident. "THUMP," I saw the grass waving in the wind slowly as I hit the concrete.

I had to go and get a Band-Aid. MR Collins and the other kids ran very fast to see what Mia was screaming for.

I felt a hard, sharp pain in my head. A huge throbbing lump was coming on my forehead. It looked like a round lump.

Ouch!!!!
