

THE ELF HAS ARRIVED IN 2T!!

One bright morning a magical door appeared in 2T!
With a special knock from each student and some sparkly fairy dust, the very next morning an enchanting elf appeared.

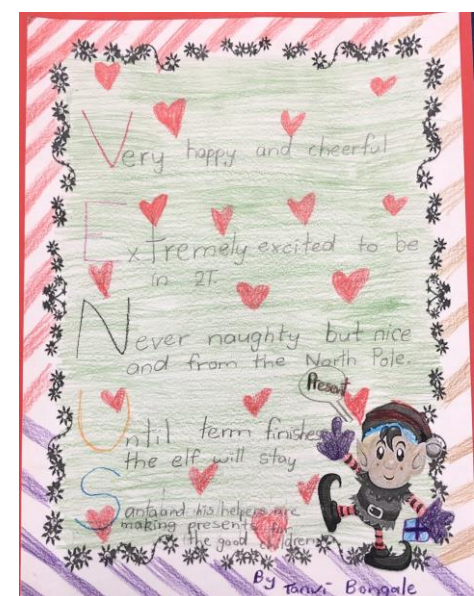

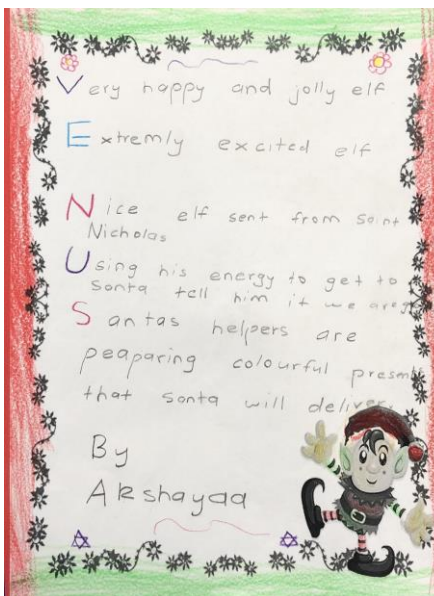

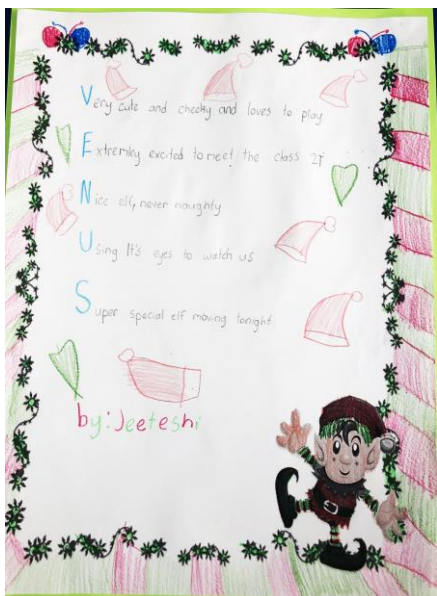

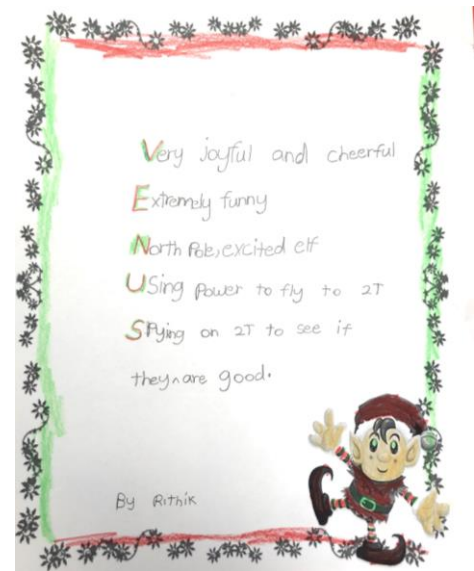

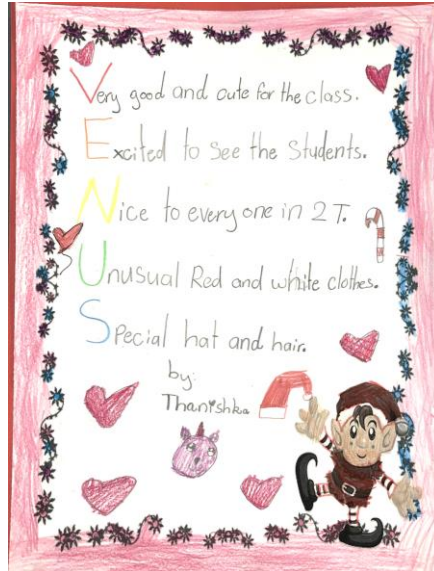

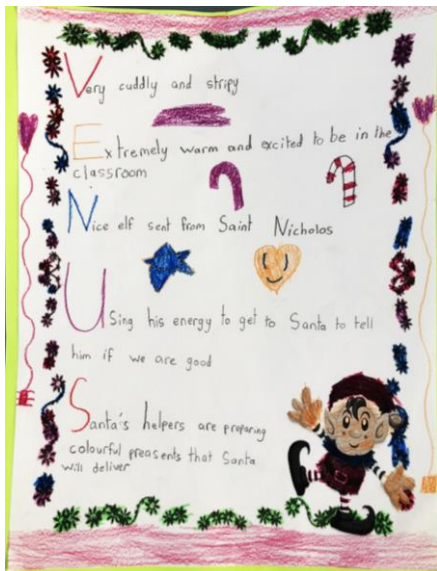

An excited 2T thought of some names for the new elf and then voted on calling him Venus.
Every morning Venus hides in a different place for 2T to find him.

2T drew pictures of an elf before Venus arrived to make him feel at home. Such talented artists!

This term 2T have been learning about different types of poetry and they wrote their own Acrostic poem all about Venus.

Venus Watches over 2T every day to check they are behaving and working hard in class. Then at night he flies back to the North Pole to report back to Santa.

I wonder where Venus will be hiding tomorrow?
