Year 12 Exit Slip

Congratulations! **Thanks for completing a VET course with Public Schools NSW Ultimo RTO 90072**

How to get a copy of your credentials:

Students Online

✓ when NESA issue your credentials they will come through as a secure PDF through your Students Online account. Make sure you download a copy before June next year, after that you will lose access to your account

Unique Student Identifier (USI)

✓ a few months after you finish your VET course you will be able to access your results through the USI transcript service

Missing something after you leave school?

SafeWork NSW

✓ this is where you go if you need a replacement white card

NESA

✓ this is where you go if you need a replacement VET qualification after June next year when you lose access to your Department of Education email address and Students Online. Please note there is a fee associated with retrieving old certificates so make sure you log in to your Students Online account, download your Statement of Attainment (and Certificate if you achieved one) and save them in a safe place.
