 - ****30th June for those born after 31st December 1996, i.e. born after 1996****
- Competitors are permitted to compete in one age group only, for all events.
- A competitor who qualifies to compete in U14, but elects to compete in U15 for his or her **FIRST EVENT**, must remain in U15 for all other events, including relays.

TROPHIES

Trophies are awarded in the following categories:

All carnivals

Junior Boys Senior Boys Aggregate Boys
 Junior Girls Senior Girls Aggregate Girls
 Combined Aggregate

Age Champions and All Stars Team

The ACC does not announce age championship winners at the carnivals. Championship winners will be posted on the web site results after the carnival and will receive a certificate of acknowledgment. Following the series of carnivals, the ACC will compare all results and select an all stars team of the best performers in each event across all carnival divisions. Students selected in the all stars team will receive a certificate of acknowledgment from the ACC.

RESULTS

Carnival results are available online at www.accsport.asn.au/carnivals/swimming/results/2019 or through the ACC Sport App.

Post Carnival

The **final** determination of results will take place three days after the completion of the carnival. This stage of the scoring process represents the final outcome and in the event that points scores differ from those announced at the carnival, the schools involved will be notified. Trophies are then to be transferred using minimum process. The final point tallies will also be listed in the ACC's Year Book.

EVENT RULES

- ACC swimming carnivals are conducted using Swimming WA officials under FINA rules, except if stated otherwise in this Charter.
- **In 2015 the ACC adopted the FINA “one start” rule (SW 4.4).**
- ***The Start Rule:*** Any swimmer starting before the starting signal has been given, shall be disqualified. If the starting signal sounds before the disqualification is declared, the race shall continue and the swimmer or swimmers shall be disqualified upon completion of the race. If the disqualification is declared before the starting signal, the signal shall not be given, but the remaining swimmers shall be called back and start again. The referee repeats the starting procedure beginning with the long whistle (the second one for backstroke).
Interpretation: After all swimmers are “stationary” (SW 4.1), any swimmer who moves before the starting signal may be disqualified when such movement is observed and confirmed by both the starter and referee.
ACC amendment: Swimmers disqualified at the start shall still be allowed to swim in the race and the swimmer or swimmers shall be disqualified upon completion of the race. This change from FINA rules is to encourage participation and allow school aged competitors the opportunity to still compete in a race.
- ***Use of video evidence:*** In 2017 the ACC adopted the following rule;
No video recording to be used across all carnivals (swimming, athletics, cross-country) as evidence for results or an appeal. Schools and parents may take video or photographic recordings of their own students, but this will not be used by the ACC as appeal evidence. The only use of video recording in result adjudication will be in cases where the ACC deem it appropriate for event officials to officially video record events for results purposes.
- ***A & B Division:*** To be conducted under FINA rules, except if stated otherwise above.
- ***C - I Division:*** To be conducted under FINA rules but modified to take the following into account. Swimming WA officials have the power to use their discretion and common sense when adjudicating on rule infringements and should only call a disqualification if the infringement provides the swimmer with a clear and unfair advantage.
- Competitors must swim in their official school swimming cap and bathers. Competition racing bathers must meet FINA requirements.
- Competitors may swim in only one division of any event.
- Competitors may swim in only one Freestyle event i.e. a student that competes in the individual 100m Freestyle cannot also compete in the 50m Freestyle. A student that competes in the Div II Freestyle Relay cannot also compete in the Div I Freestyle Relay (& vice versa).
- For the medley event ONLY, swimmers from either U13, U/14 or U/15 may compete in the JUNIOR medley relay and still maintain their age group status eg U/15 swimmer may swim in all U/15 events throughout the day and swim in the Junior medley relay ONLY. Also, swimmers from either U/16, U17 or Open (U19) may compete in the SENIOR medley relay and still maintain their age group status eg U/16 swimmer may swim in all U/16 events throughout the day and swim in the Senior medley relay ONLY. A Junior swimmer (U13, U/14 or U/15) cannot swim in the Senior medley relay. Swimmers can only compete in ONE medley relay.
- Swim order for medley relay is as follows: Backstroke, Breaststroke, Butterfly, Freestyle.
- In the event that variation in a placing occurs (eg a malfunction in the electronic timing/judging or swimmer not touching the wall), the ratified result should be determined by the following method. The place is given by:
1st Consideration: Electronic timing based on the touchpad time.
2nd Consideration: The timekeepers in each lane based on the slower of the two times. At HBF Stadium the timekeeper has a back up button mechanism.
3rd Consideration: The Referee's decision, based on the manual place judge results.
Extra Consideration: In the event of a touch pad or backup button failing to register a time (due to mechanism failure or touch pad not hit hard enough) the competitor will be given an adjusted time relevant to their correct place.
