

Y9 students at the Curtin Science Experience

It was a HUGE week for Magis last week. Our debating students won their Quarter-Final Round against St Hilda's. The adjudicators commended our speakers on how they engaged with a challenging topic both critically and maturely. We wish them all the very best in their semi-final debate this evening!

On Wednesday, a select group of talented Y9 Science students attended the Science Experience at Curtin University. Students were taken on a tour of the Engineering, Science, and Medicine buildings. They also took part in a range of activities including build your own water rocket and an engineering challenge. There were great exhibitions and interactive sessions with WA researchers and institutions. Notably, the International Centre for Radio Astronomy Research had a display about their upcoming Stargirls STEM Camp. Please see Magis Teams/Noticeboard for details on an outstanding camp in January next year (and it's free!). We congratulate Chris Cesare (Y9) for his terrific performance at the FameLab Academy State Final.

Congratulations also to our British Parliamentary Debating students who competed at the Regional Rounds over the weekend. BPD is a unique form of debating, with POI's - and we hope that the competition was an enriching experience for all.

Best of luck to our Tournament of Minds STEM Team and Creative Edge SOSE Team, who will be competing in the State Finals this Saturday! We can't wait to hear what creative solutions they have come up with for their respective challenges.

**Important Reminders**

The **Shakespeare Incursion form is due TODAY**. If you haven't completed the online Microsoft form in Magis Teams and wish to attend the incursion next term, please do so ASAP. Don't forget: **Magis Camp forms are due next Wednesday at 9am.**

The Academic Challenge to decide which House will win the Cup, will take place this week. This is our Music Challenge! Be in the GBLT for 8:30am with a pen/pencil. As ambassadors for the Program, it's important that you are drumming up support for the challenge amongst your peers and ensuring full (10 students maximum) participation. It is going to be a photo finish – the points are that close! Lastly, and in the spirit of wellbeing, look out for each other. Celebrate our successes and reflect upon each day. What are you grateful for? I am grateful for having such extraordinary students! Have a great week everyone!

**Daisy Farley - Magis Coordinator**

**EVENTS THIS WEEK**

**TUESDAY**

- Y7 & 8 Music Challenge** – homeroom in GBLT
- Creative Edge Meeting** – recess in Magis Office
- TOMs Meeting** – lunch in Learning Enrichment classroom
- WADL SDC Debating Semifinal** – 5:15pm at Shenton College

**WEDNESDAY**

- Note: Ms Farley is off-site for Politics & Law Excursion**
- World Scholars Global Team Training Seminar** – 3:30 – 5:30pm in GBLT

**THURSDAY**

- Y11 & 12 Music Challenge** – homeroom in GBLT
- Academic Tutoring** – 3:30pm

**FRIDAY**

- Y9 & 10 Music Challenge**
- CE Meeting** – recess in Magis Office
- TOM Meeting** – lunch in Learning Enrichment Classroom

**SATURDAY**

- Creative Edge State Final** – 8am – 5pm at Curtin University
- TOM State Final** – 7:50am – 5:45pm at ECU Joondalup

**CAPTAIN'S CORNER**

*Sometimes things in our lives can get overwhelming, especially as we strive so hard for the MORE in everything that we do. So, it's really important that we look out for each other: Congratulate successes, and lend support when it's needed. If you're feeling low, know that as a Magis community, we are there for you. You need only reach out. **RUOK?** Also, a reminder for Ms Farley's wellbeing. She has the enormous task of coordinating everything. Make sure you are checking Teams, liking posts, and attending meetings. Together, we are successful – Daniel Doran*
