

Cultivate your Career in Regenerative Agriculture

European farming practises enacted on Australian soil within the last 200 years has had detrimental consequences for Australian landscapes. Farmers practising regenerative agriculture seek to remedy historical practices by regenerating agricultural ecosystems through observation, innovation and technology. In this presentation you will hear from leading farmer and institutions paving the way for a new generation of school-leavers who wish to explore careers in agriculture.

In this webinar presentation you will hear from;

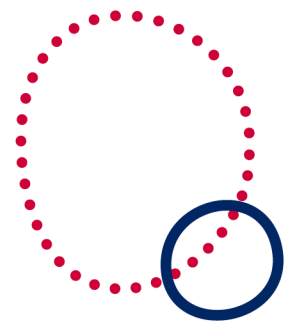

- **Gillian Sanbrook** from Bibbaringa Farm
- **Shannon Kelly** from Full Circle Farm
- **Joe Skuse** from The Mulloon Institute
- **Dr Hannabeth Luke** from Southern Cross University
