

Coming Up

June 23

School Early Finish Day

OSHClub will be open from 1pm to collect the children.

June 27

School Holiday Program

Bookings are essential

July 11

Pupil Free Day

OSHClub will be open for the PFD

QIP Focus

Term goal

Our goal for the rest of this term is to have the children take on a leading role in the program. They choose the activities for the week, make their menu and order resources and run the program based on the routines.

What's been happening...

FOMO Clubs are back!

Hello to our families and children!

We hope this school Term is going well for you, as for us it has been amazing! We have seen our children taking leading roles in our Yarning circles, where they announce the activities of the day, the snacks we will have as well as selecting a topic of discussion, such as "What makes me proud?" "What is your favourite hobby?" "What do you know about earth?" etc.

We continue to learn more about space and the solar system, we made sun paper and sun cookies, made galaxy pinwheels and a sound cone.

Next, we will be compiling a series of mini surveys to update our Quality Improvement Plan. This is very important for us as we are expecting to be assessed this year. Your opinion and feedback matter to us, so please participate in the upcoming surveys.

School Holiday Program:

The time is near! School holidays start on the 27th of June. Come join the fun! We have created a program filled with loads of interesting and amazing activities, excursions, incursions, and theme days.

Bookings are essential!

See you all soon, have a great day :)

Club News

FOMO Clubs

FOMO Clubs are back!

This week with our 2 clubs, Street Eatz and STEM Station.

We made Phenomenal Pho and put our soup together. We used fresh veggies and vegan "chicken" strips.

In our STEM club we did an Egg drop Challenge, we made cages to protect our eggs from a big fall, we use recycled materials and our imagination.

Watch this space as we will be updating you on how the clubs are going and the wonderful things the children are making!
