

THE HON JASON CLARE MP
Minister for Education

**TO THE COMMUNITY OF MARY MACKILLOP CATHOLIC
REGIONAL COLLEGE**

On behalf of the Australian Government, I want to congratulate Mary Mackillop Catholic Regional College on the opening of your new senior building.

Please accept my apologies for not being able to attend the opening today and please accept my warm wishes on this special occasion.

The Australian Government's Capital Grants Program presents enormous opportunities for students and school communities.

Under the Capital Grants Program, the Australian Government has contributed \$1 million towards your construction of a senior building and the demolition of relocatable and associated spaces.

Your new facilities will help pave the way for you to learn and grow and to go on to become anything you want – be that nurses, doctors, teachers, plumbers, scientists, engineers, or business owners.

They will also help teachers nurture and inspire you, the students, to do the best you can, just as it will help those generations of school children who will come here after you.

I would like to personally thank Mary Mackillop Catholic Regional College staff for your efforts and commitment to improving opportunities for your students, and these new facilities will assist them to succeed in their chosen field of endeavour and reach their own potential.

I look forward to continuing to work with Mary Mackillop Catholic Regional College in the future.

Yours sincerely

A handwritten signature in blue ink that reads 'Jason Clare'.

The Hon Jason Clare MP
Minister for Education
