What does a Geneticist do?

Are you looking for a health career that's a bit different? You could consider a career in genetics. Genetics is the study of the individual genes that make up life – things like viruses and diseases, and us!

There are several different roles people can work in, all with unique tasks and challenges. [NSW Health](#) recently interviewed three professionals in different roles so students can get a better idea of what a job in genetics is like.

➤ **Bachelor of Business at Deakin**

Deakin's **Bachelor of Business** degree focuses on *emerging and innovative contexts, embedded soft skills and personal development, to prepare you with the skills and*

experience you need to succeed in the business world. Students can major in events, people or project management, entrepreneurship, sustainability and innovation and more.

Two interesting majors that students might like to consider are –

[Business and Digital Communications](#) – this major focuses on ethical and sustainable communication research and practices, and builds key knowledge and skills in *brand management, transmedia storytelling, making social, strategic public relations and the allied field of marketing communication.*

[Sustainability and Development](#) – this *new* major is built on the broad theme of businesses bracing for a new normal involving harsher and frequent weather uncertainties with unpredictable costs. Students to gain a practical understanding of the interactions between the economy and the environment, and how to propose solutions and approaches that can facilitate a sustainable co-existence of both.

➤ **New Bachelor of Arts/Bachelor of Information Technology**

This *new* course is tailored for students that are interested in a broad range of areas related to *humanities, social sciences, communication, creative arts, languages, and information technology.* This course is offered at both the Melbourne Burwood and Geelong Waurn Ponds campuses. The VCE entry requirements are: Units 3 and 4: a study score of at least 25 in English EAL (English as an additional language) or at least 20 in English other than EAL, and an ATAR is also used as part of the selection criteria.
