Company Communication Letter

To the Valued Clients, Consultants and Subcontractors of McCull Smith Projects,

Re: Excellence in Construction Awards – Ivanhoe Primary School Project ('The Treehouse')

McCull Smith Projects are thrilled to announce that we were announced the winner of the Excellence in Construction of Commercial Buildings Under \$3m by the Master Builders Association of Victoria. The 'Treehouse' Project was nominated amongst some of the best construction projects in Victoria over the last 12 months.

We would like to take this opportunity to thank all of the individuals and organisations who played a part in the delivery of this excellent building. Special thanks goes to Mark Kent (Ivanhoe Primary Principal), Bruno Imeneo (VSBA Representative) and each of the architects from Maddison Architects that played a role through project inception to the delivery of the building.

We know that Ivanhoe Primary School will continue to enjoy educating it's students within this building for many years to come and it was an honour and pleasure for McCull Smith Projects to build. Please refer to our website for some further images taken of the completed building!

Kind Regards,

Dominic McColl
