

What an exciting few weeks we have had at afterschool care. The students have been busy engaging in a range of experiences including art and craft, building and construction, dance music and movement with many students requesting and sharing their favourite songs.

Yarrabah TheirCare – Exceeding rating

Recently we underwent Assessment and Rating. A Victorian Government authorised officer visited Yarrabah OSHC, observing practice and asking questions to provide a rating against the seven quality areas. We are absolutely thrilled to announce we received a very high rating of Exceeding, achieving an exceeding rating in six out of the seven quality areas! We appreciate the hard work that the educators do on a daily basis to provide quality programs and opportunities to the students attending the service. We have wonderful links with the school community and know that the strength of this has contributed to the rating and the overall success of the service.

These photos show some of the students enjoying the many outdoor activities they are able to participate in at OSHC. The trampoline is always very popular, coupled with ball games and the swings.

Cooking Club

Each Wednesday we operate our Cooking Club. The students will get to take these baked goods home with them to share with their families. We would love to hear if any of our families have a favourite recipe that they can share with us as we know our passionate cooks would love to try some new and different recipe ideas. If your child would like to participate in Cooking Club don't forget to book them into OSHC each Wednesday. *Please note: if you have any recipe ideas we could try here, please let us know.*
