Private Colleges

Sydney Actors School Applications now open

Applications to Sydney Actors School are now open for the January 2025 intake. Australia's premiere acting school has a clear vision; the school is about providing the most personalised, hands-on practical training in acting in the world. Sydney Actors School employs industry professionals with real credits. Many institutions will offer "industry professionals" as lecturers, however they have not worked at significant levels in the international film and TV industry. Our lecturers have had major impact in their chosen fields e.g. Philip Quast, Kevin Jackson and Julia Cotton. This is why many of lecturers are also the chairs and presidents of the guilds for their industry bodies. We are very selective across all disciplines. Entry to our accredited programs is by a strict audition and interview process. Our goal is not to fill seats with students and promise the world – we are serious about assisting students to launch their acting careers. This is why we have very limited enrolments and a thorough audition and interview process to gain enrolment into our acting courses
