Dear Parent or Caregiver,

Education Perfect (EP) is used at Beaumaris Secondary College as an essential and comprehensive digital teaching and learning platform. EP is an interactive resource which maximises student learning in the classroom, for homework and exam preparation and revision. It has been comprehensively assessed and chosen by the teachers and school leadership as a core teaching and learning resource.

Students at Beaumaris Secondary College have access to the following curriculum aligned subjects: Languages.

What is Education Perfect (EP)?

Education Perfect is a comprehensive digital teaching and learning platform used by over 1.8m students and 5,000+ schools worldwide. EP has been successfully used by many leading schools with notable impacts on student motivation and grades.

- **EP English & Literature** is designed to support the development of a student's English proficiency and literacy, with dedicated resources on grammar, punctuation, vocabulary, comprehension, spelling and writing structures.
- **EP Mathematics and Science** enables students to consolidate specific mathematics or science concepts and skills anytime, anywhere. Students can find content from a range of year levels to help them either catch up, strengthen or extend their learning in Mathematics and Science.
- **EP Languages** enables students to develop all four skills of language learning – reading, writing, listening and speaking. All recordings and videos use native speaker pronunciation and the content is differentiated into Beginner, Intermediate and Advanced levels.
- **EP Social Sciences** supports the development of students' knowledge and skills in the core Humanities subjects of History, Geography, Civics and Economics. Skills focused resources easily integrated with curriculum aligned content lessons to create a comprehensive Humanities program.
- **Digital Technologies and Health & PE** is designed to support students in consolidating skills in these subject areas. Students can access a range of content across multiple topics to assist them in learning, consolidating and extending their knowledge and understanding.

Your child's school will use EP as a core teaching and learning tool to further enhance classroom content. Their teachers will use EP to:

- Prescribe holiday homework
- Set pre-class and post-class consolidation tasks
- Provide differentiated instruction
- Set assessment preparation and exam revision
- Conduct assessments

- Encourage student self-study
- Provide feedback to students
- Engage students via competitions

What does Education Perfect cost?

The cost of Education Perfect for your child for the academic year is **$30.93**, including GST.

Payment is made through the school booklist.

How do I pay if the booklist has closed?

If you haven't paid through the booklist by the end of Term 1, your child will lose access to content on Education Perfect at the start of Term 2. To keep or restore access to this content, you can pay directly through your child's Education Perfect account at any time using the steps below. A 10% surcharge applies to payments made directly to EP rather than through the booklist.

Payments are processed by PayPal, so you can pay with a credit card, debit card or bank account. You don't need a PayPal account.

- **Step 1:** Log in to your child's account here and click **Pay now** on the payment banner at the top of the dashboard. If your child sees an error message when opening an assignment, they'll need to pay before continuing. Click the prompt to start.
- **Step 2:** Review the subjects listed for payment and untick any you don't want to pay for now. Click **PayPal** to continue. If you don't have a PayPal account, choose **Pay with a Card** on the next screen to check out as a guest.
- **Step 3:** In the PayPal window, either continue with PayPal or choose **Pay with a Bank Account or Credit Card**.
- **Step 4:** Enter the email address for your receipt and click **Continue to Payment**. If that email address is linked to a PayPal account, you'll be asked to log in. To pay as a guest, use an email address that isn't linked to PayPal.
- **Step 5:** Enter your card details, check they're correct, and click **Continue**.

Your child's account updates as soon as payment is confirmed. The payment prompt will disappear, and your child will have full access to the subjects you've paid for.

Need more help? See the online guide How do students pay for a subscription through the Student Zone?, email support@educationperfect.com or call (02) 6100 3723.
