

Standing Tall  
in Hamilton  
School Based Mentoring

# \$140k in 140 days fundraising campaign

## WHY

19 years since we launched, Standing Tall is now operating in:

- 13 primary and secondary schools in the Southern Grampians..
- 30 students are currently being actively mentored.
- Over 30 new student referrals (1 new referral every week!).

We offer a connection for students with our trained volunteer mentors. Students in our program develop confidence & a healthy connection to school & their community. They gain a reliable & trustworthy adult support person that offers positive guidance, support, routine & encouragement.

## FUNDRAISING GOAL

To raise \$140K in 140days.  
From Thursday 12 May until  
30 September 2022  
(AFL Grand Final Eve)

*"Every child deserves a champion, an adult who will never give up on them, who understands the power of connection and insists that they become the best they can possibly be." - Rita Pierson, Author & Educator.*

**Donate** today and together we will continue to support the growing number of students being referred to our Program via our school partners; and we will be able to offer a mentor for every student that wants one.

**Donate here**
