

Student Details

MEDICATION AUTHORITY FORM

For students requiring medication to be administered at school

This form should, ideally, be signed by the student's medical/health practitioner for all medication to be administered at school but schools may proceed on the signed authority of parents in the absence of a signature from a medical practitioner.

- For students with asthma, Asthma Australia's School Asthma Care Plan
- For students with anaphylaxis, an <u>ASCIA Action Plan for Anaphylaxis</u>

Please only complete the sections below that are relevant to the student's health support needs. If additional advice is required, please attach it to this form.

Please note: wherever possible, medication should be scheduled outside school hours, eg medication required three times daily is generally not required during a school day – it can be taken before and after school and before bed.

Medication delivered to the school
Please indicate if there are any specific storage instructions for any medication:
Medication delivered to the school
Please ensure that medication delivered to the school:
☐ Is in its original package
☐ The pharmacy label matches the information included in this form
,
Supervision required
Students in the early years will generally need supervision of their medication and other aspects of
health care management. In line with their age and stage of development and capabilities, older
students can take responsibility for their own health care. Self-management should be agreed to by
the student and their parents/carers, the school and the student's medical/health practitioner. Please describe what supervision or assistance is required by the student when taking medication at
school (e.g. remind, observe, assist or administer):
Monitoring effects of medication
Please note: School staff <i>do not</i> monitor the effects of medication and will seek emergency medical
assistance if concerned about a student's behaviour following medication.
Privacy Statement
We collect personal and health information to plan for and support the health care needs of our
students. Information collected will be used and disclosed in accordance with the Department of
Education and Training's privacy policy which applies to all government schools (available at:
http://www.education.vic.gov.au/Pages/schoolsprivacypolicy.aspx) and the law.
