

## Supporting Student Futures – Careers Information Update

The **Careers Team** has introduced some exciting changes to how careers information is shared with students this year. All students from **Years 7 to 12** have been added to a dedicated **Microsoft Teams** page, which will serve as a central hub for:

- Important dates and announcements
- Links to useful websites and resources
- All careers-related information relevant to your child's year level

If your child is unable to access their Teams page, please ask them to speak to the **IT Department** so the issue can be resolved promptly.

---

## Visit the Careers Centre – Your On-Campus Resource

Located in the **Monash Building**, the **Careers Centre** is a welcoming space for students to explore career options, access current brochures and handbooks, and speak with staff. Our **open-door policy** means students can drop in at any time to ask questions and get guidance.

- **Year 12 students** are currently taking part in individual interviews to support them with important post-school decisions.
  - **Students in Years 10 and 11** are also encouraged to make appointments to discuss their future pathways.
  - **Parents and guardians** are welcome to access our services and may book appointments to discuss their child's options.
- 

## Online Resources – Explore Career Tools and More

In addition to in-person support, students have access to a wide range of **free online resources**, including:

- **Career Tools – [wcccareers.com](http://wcccareers.com)**: A comprehensive platform with tools and information to help students plan their career and education paths.
- **Study Work Grow Education: [Wyndham Central College – Study Work Grow Education](#)**. A recently acquired resource offering updated guides, job information, and study advice.

Both of these valuable resources can be found on the **Pathways Portal**, (Accessed via Student Portal) which students are encouraged to visit regularly.

We invite you to explore these tools alongside your child to stay informed about evolving career opportunities and help support their journey beyond school.

## This Week's Events
