The Lilydale High School City Experience Program – 'Meeting Melbourne' offers Year 9 students the opportunity to experience new things away from school in a big city. In fact, the city is your classroom and it challenges you to accept responsibility, keep safe, work in teams and reflect maturely on a whole range of issues. Each day you will have a block of self-managed time where you work independently of teachers. It's demanding and educational but it's exciting, and fun. You will be treated as young adults, respected by city-dwellers and envied by those who didn't have this opportunity.

There is something in it for everyone

Aims of the Program

The program aims to develop the following skills and qualities:

- Interpersonal skills
- Independent learning
- Confidence
- Punctuality
- Responsibility
- Teamwork
- Self esteem

Meeting Melbourne Program – Important information

- Experienced teachers will be in the city with you.
- Students will travel to and from the city independently. There will be a teacher who travels in the first carriage of the 8.16am train that departs from Lilydale Station each morning.
- The program varies each day and begins with a BRIEF presentation by Coordinators to make sure you are fully informed.
- **The timetable is busy like the city, so punctuality is essential.** If you are late the whole group must wait.
- Students will complete set activities and a research task.
- Before the program commences we will exchange all mobile phone numbers to enable us to keep closely in touch throughout the week.
- While in the city you'll be treated by us as young adults in the world of work. If you're going to be absent or late, you must phone us.

The cost does not include:

- **Travel** – daily travel into and around the city for the week. Students will need to ensure their Myki card has adequate credit.
- **Lunch** – students will need to either bring their own lunch or bring money to purchase lunch.

Safety, Preparation and Enjoyment

The **safety** of students is at all times the major concern of the school.

Experience has shown us that if students are fully prepared for their time in the city before they undertake the experience, it really is an educational, enjoyable and above all else, a safe experience.

Some of the issues we address with the students in preparation include:

- An information session by a local police officer on safety and security in the city.
- All students are issued with ID cards that they are required to wear at all times during the week. The flip-side of these cards contains the High School phone and mobile numbers and a list of relevant emergency contact phone numbers.
- When not in large groups for activities and excursions, **all** students must travel together in their allocated smaller team of 4 or 5 students. Regular contact will be made with these teams via mobile phones. The mobile phone numbers of **all** students will be recorded and used if contact is required.

Safety

To ensure that all students remain safe, they should:

- Follow all instructions carefully.
- Be on time to avoid separation from the group.
- Be available to be contacted by mobile phone at all times.
- Stay with their designated group at all times.
- Not have unnecessary valuables such as iPods or iPads.
- Wear their ID card at all times while in the city.

In the event of an emergency, students should make their way to the emergency meeting point, located at the corner of Spring St and Wellington Parade. This location is noted on the student map. From here, pre-planned bus transport will bring students back to school.

Uniform

You must be in full school uniform whilst on City Experience. Students who are not in full school uniform will be sanctioned and may be sent home from the program. In particular, the following items are not allowed

- Runners
- Black socks
- Facial piercings
- Non-school jumper
- Beanies or scarfs that are not black

Transport

Students will travel in groups to and from the city using a variety of public transport services, and will also travel around the city using Metlink.

Students will require a Myki, and must have a valid concession card with them at all times if they are over 16 and travelling on a concession ticket.

It is expected that students will become confident and responsible users of the public transport system.
