Magis Chronicle 2021

INTRODUCTION

John XXIII College's Magis Gifted and Talented Program has continued to grow significantly in 2021, despite Covid denying us the opportunity for World Scholar's Cup, Jesuit National Debating or the Cultural Decoding and Julie Arliss Programs this year. Outstanding new ventures this year included the Intergenerational program with MercyCare, Famelab, and the Royal Commonwealth Society's Speech and Leadership Competition. In addition to the new programs, the college developed both its participation and success rates in top gifted and talented competitions including WADL Debating, British Parliamentary Debating, Da Vinci Decathlon, Ethics Olympiad, Speak for Faith, Creative Edge Challenge, Tournament of Minds, Mock Trials and International Debating.

In just its second year, the Magis-run House Academic Challenge competition continues to develop and flourish, with no fewer than 584 secondary students competing in between one and five challenges in the series, and outstanding participation at all six year levels. Congratulations to Koolyangarra which again won the premiership ahead of Loreto and a vastly improved St Louis, but all houses had some splendid performances over the series. Special thanks to House Coordinators, homeroom teachers, Magis and homeroom captains, and all student participants.

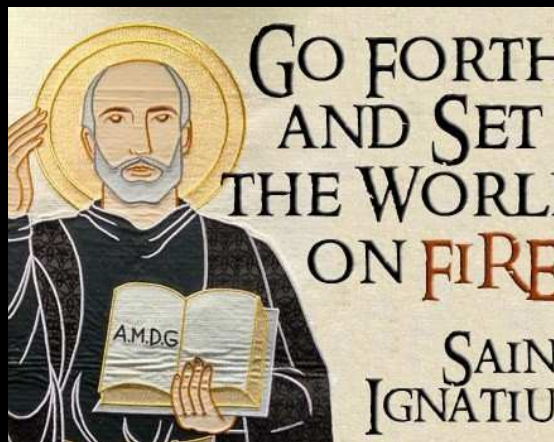

Other Magis-run competitions, the John XXIII Public Speaking, Creative Writing and Chess were all very successful with many superb performances in the Public Speaking heats and finals. Interestingly, the Chess Championship was totally dominated by boys, and the Creative Writing by girls, so we are looking at ways to overcome this including offering Scrabble as an additional competition which the girls may be more likely to show interest in.

There was a record 45 students at this year's Magis Camp which on the review questionnaire received an average mark of 9/10, with only one negative response. All sections of the Camp program received high accolades, and it was pleasing to see the keynote addresses of two Magis leaders, Skye MacMillan and Bella Pether being rated very highly indeed.

As the program continues to develop, many more teachers are now involved - a total of 36 as listed on the final pages of this Chronicle. They and the wonderful parent supporters, particularly in WADL debating and Creative Edge, and at the very successful Magis Awards Breakfast, have made superb contributions to the development of the Magis program in 2021. Warmest thanks to all student participants - your enthusiasm and talent has been inspiring, and above all the year 12 Magis leaders - a truly outstanding group that has given exceptional support in my four years at the college and to whom I am extremely grateful.

Jim Miller

Magis Gifted & Talented Program Coordinator

Magis Captain's Report 2021

Skye MacMillan

I am so privileged to be here today speaking to you all. The Magis program has truly grown and flourished in the past six years that I have been at the school and I am so glad that this year I got to help it grow.

The Magis program has done so many impressive things this year throughout all the year groups.

It has been so exciting to see the participation and numerous activities that managed to happen despite covid, including running new initiatives like Fame-Lab and Speak for Faith as well as running usually scheduled events minus World Scholars Cup.

Some of the highlights from this year is the record participation in the homeroom challenges alongside remarkable performances in all the debating programs and creative challenges.

One of my personal highlights from this year was seeing the record numbers at Magis camp and being able to speak and hopefully inspire and guide those kids. As a student who missed out on Magis camp as it was initiated for the year groups younger than me, it was amazing to see the amount of fun and participation that was happening.

I have thoroughly enjoyed participating and supporting the Magis program this year and am proud of everyone here today to be rewarded for their efforts. The Magis program for 2021 has done many amazing things but it could never happen without each and every one of you, including the parents who gave up their time to get you to practices, events and competitions.

Congratulations and thank you to everyone for making the 2021 Magis program all it could be.

MAGIS AWARDS BREAKFAST

MAGIS CHAMPION SCHOLAR AWARDS

The Magis Champion Scholar Award is the highest award in the Magis Gifted and Talented Program at John XXIII College. It is decided on a points system that foregrounds academic performance from semester one as the highest component in the final score, and allocates points for excellent performances in interschool gifted student events, house Academic series scores, and key Magis-run John XXIII College events including Public Speaking and Creative Writing. Thus, in the spirit of Magis, the top students in these awards are recognised for their all-round academic excellence plus their outstanding contributions to the Magis program, their house and their college.

The Intergenerational program led by Gabriela Di Perna from Griffiths University in Queensland involved year 7 Magis students from John XXIII College and six residents from Mercycare in Wembley. Over a period of 12 weeks the students interviewed residents and created biographies of each which were featured in a hard-cover glossy book similar to this Magis Chronicle. Interviews were held in the GBLT using the TEAMS program, and in addition there were two wonderful morning teas held at Mercy Village, with highlights including story and joke telling, jokes, singing and great food. Apart from learning and applying techniques of interviewing and writing of biographies, the students related extremely well with the residents, and showed significant growth in maturity and understanding of life during the process. Congratulations and warmest thanks to all involved.

John XXIII CHESS CHAMPIONSHIP

The John XXIII Chess championship saw many exciting cerebral duels at the different age groups, with Year 12 and year 7 being particularly strong. Loreto House won ahead of St Louis, Koolyangarra and Loyola. Only three girls competed this year, and the Magis program in 2022 will experiment with Scrabble as an additional game with an academic focus, whilst encouraging more girls to investigate and enjoy the subtle strategies of the chess board.

Magis Chronicle 2021

WADL INTERSCHOOL DEBATING

John XXIII College had a fine season in the WA Debating League's Schools Competition. Our venue was Christchurch and our ten teams competed against top colleges including Christchurch, MLC, PLC, Iona and Santa Maria in our divisions.

Our senior teams from years 11 and 12 had a mixed season with several forfeits either for or against impacting on the season. However they had an exciting final debate in the make-up round, with the year 11's just winning in a high quality debate. Unfortunately we had no year 10 team this year, but two excellent year 9 teams both of which had a couple of narrow losses and could easily have made the finals.

Year 7 and 8 teams were extremely impressive, with all six teams performing very well and three being outstanding. In year 8 Novice Division, Team One (Austin Vujcich, Oliver Grant Smith, Josh Tyson and Cooper Vincent) defeated our Team Two (Thalia Kurniawan, Amelia Watts, Matthew Gardner and Callum De Andrade) narrowly in the first round, then both went through the remaining four rounds undefeated, with Team One being undefeated zone champions and team two runners-up. Team one lost their first round of state finals narrowly.

The other exceptional team was the Year 7 Novice Team 5 which had an outstanding season, zone champions then going on to win three rounds of state finals, losing the WA Semi-Final to MLC on a split decision. The team consisting of Sasha Pallis, Charlie Pronk, Noa Mintz, Catherine Gazia and Tom Beach was coached by Ms Kirralee Dawson. (See photo with Dads on the facing page).

Warmest thanks to the coaches/managers Ms Dawson, Mrs Lumley, Ms Glass, Ms Tatiana Kurniawan, and outstanding alumni Rory Hewson, Charlie Richards, Ben Linsten and Alex Panther who assisted at competition debates or preparation sessions.

DEBATING 2021

Coach Charlie Richards with Year 8 and 9 teams

Coach Tatiana Kurniawan with her year 8 WADL team

BRITISH PARLIAMENTARY DEBATING

John XXIII College fielded three teams in the WADL's British Parliamentary Debating season, two teams from year 9 and one from year 7. British Parliamentary debating involves four teams from different schools in each debate, and teams compete in three debates over a full day. Our teams competed on Saturday at Shenton College and Sunday at Bob Hawke College.

All three teams competed impressively, with the two year 9 teams excelling with a first and a second place (out of 4 teams) in the two debates in which the winners are announced. The teams representing the college were:

Year 9 : Meg Derbyshire and Asha Paton

Year 9: Jacob Davila and Thomas Syminton

Year 7: Joy Cho and Imogen Thompson

Thomas Syminton and Jacob Davila

Left: Asha and Meg

PERSONAL PROJECTS - SEMESTER ONE

As usual there were some superb projects submitted at the Personal Project Exhibition in semester one, with the event being held in the Roncalli Hall this year. The range of projects was excellent as can be seen from the photos on these pages. Special thanks to the parents and staff who attended the opening and supported their sons and daughters through what can be a challenging process, and to the staff who judged the awards listed below. It was one of those occasions where at least another ten projects must have been under consideration for awards. We look forward to semester two when year 8 Magis option students as well as year 7 will exhibit their creations.

Magis Chronicle 2021

MAGIS CAMP

This year's Magis Camp was a great success, with a record 45 students attending and beautiful weather at the outstanding Point Walter campsite. Highlights of the Program included superb Workshops by WA Creative Edge Director Kathy Boyatzis and Alpha Motivation Director David Castellani, and outstanding keynote addresses by Magis Year 12 leaders Skye MacMillan and Bella Pether.

The talent Show was as popular as ever, run this year by year 9 students Gemma Bailey and Max Watt, whilst the Point Walter Beach walk provided a relaxing break in the proceedings.

The camp review saw all aspects of the camp receive a very high approval rating with the camp itself receiving an overall rating of 9/10 from the 40 campers who filled in the survey form. Special warmest thanks to Mrs Alison O'Connor and Mrs Lorraine Holmes who gave wonderful assistance at the camp, and Skye and Bella for their exceptional talks which the students enjoyed immensely.

MAGIS CAMP 2021

MAGIS CAMP 2021

BELL SHAKESPEARE

One of the highlights of the Magis program each year, Bell Shakespeare, returned to the college in 2021 with an entertaining, educational and inspiring performance in the Roncalli Hall.

MAGIS - HIC ET UBIQUE

MOCK TRIALS

John XXIII College again competed in the prestigious Mock trials Competition held at the Supreme Court of Western Australia, and as always competed at a very high standard although missing the finals in 2021.

Congratulations to coaches Ms Daisy Farley and Ms Morgan Ball, and to the year 11 and 12 students who competed with great talent and enthusiasm.

The following awards were presented at the Magis awards Breakfast:

Mock Trials Award of Excellence 1921: Ben Negus

Mock Trials Spirit Award: Kady Wall

Certificates of Excellence

Oscar Hegge, Skye MacMillan, Ben Negus, Rebecca Harsanyi, Lily Convery, Lydia Davila, Zoe Furness, Tim Gardner, James Green, Kady Wall, Lucinda Schubert, Tom Williams

SPEAK FOR FAITH

John XXIII College was represented in the Catholic Education Office's Speak For Faith Competition by two outstanding year 12 students, Oscar Hegge and Caitlin Green. Both Oscar and Caitlin (pictured at left) reached the Grandfinal after heats held over successive weekends. John XXIII was the only college to achieve this honour.

Oscar received the award as W.A. runner-up, and both represented the college superbly. This reversed the result of the John XXIII Public speaking competition, which Caitlin had won narrowly from Oscar.

Special thanks go to the Darling Range Catenians committee who have organised this important event.

SENIOR DEBATERS

Senior debaters prior to the start of the WADL final make-up round at Shenton College

2021 National Schools Constitutional Convention

Three very talented Year 12 Politics and Law students, Caitlin Green, Oscar Hegge and Benjamin Negus, were among a select group of students from around Australia attending the 26th National Schools Constitutional Convention (NSCC). Previous years, the National Convention has been held at the Museum of Australian Democracy at Old Parliament House in Canberra – but due to COVID restrictions, national delegates zoom called from their various state capitals. The Convention is supported by all state and territory Ministers and funded by the Australian Government Department of Education and Training.

As national delegates, representing Western Australia, Caitlin, Oscar and Ben were selected from over 800 students from government, independent and Catholic schools, most of whom took part in conventions in their home state or territory.

The topic of the 2021 Convention was *‘Should the Constitution have a new preamble that would recognise our history, our aspirations and the many peoples and groups that make up our nation?’* This topic provided students with the opportunity to explore the present Constitution and contemporary issues. Other elements of the program included a zoom call with the Governor General, David Hurley, and presentations from leading constitutional experts.

National Sleek Geeks Science Eureka Competition

Three Year 7 students worked hard at preparing for the National Sleek Geeks Science Eureka Competition – a science communication prize organized by the Australian Museum. This year, students had to prepare a two minute video on the theme of “BIG” and our John XXIII students delivered in a big way. The topic that the students chose included:

“Manipulating Atoms” by Phoebe Walsh (Year 7 St. Louis) – the Big science on nanoparticles.

“Big - It’s a Matter of Perspective” by Charlotte Long (Year 7 St. Louis) – the view according to a Tardigrade

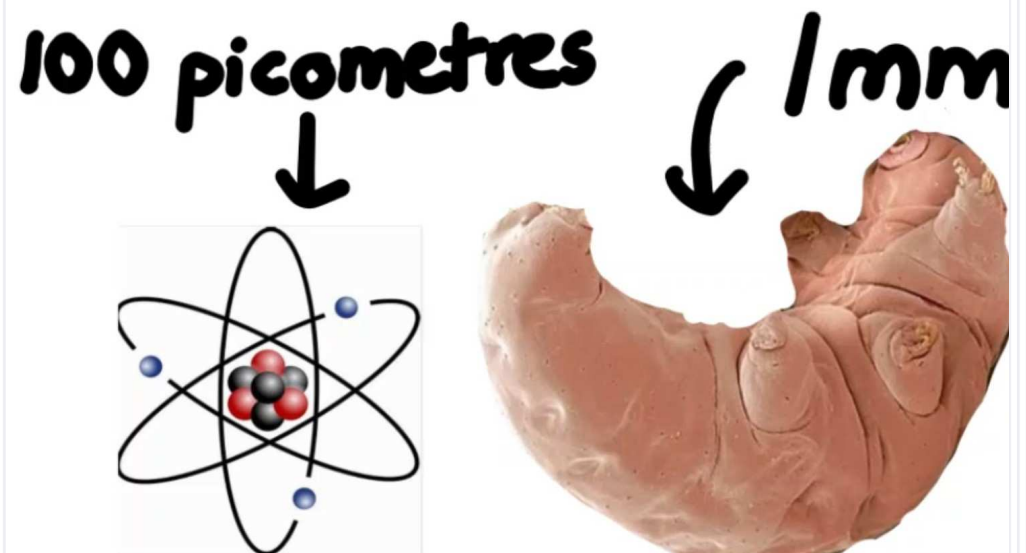

“Physics of the Big Gold Swing” by Jovi Gibson (Year 7 St. Louis) – all about how to get the biggest swing in golf.

The students received commendation certificates from the National Science Museum Well done Phoebe, Charlotte and Jovi!

- Dr Ylenia Casadio

Oscar, Caitlin and Ben

**ROYAL COMMONWEALTH
PUBLIC SPEAKING**

Unfortunately the 2021 Royal Commonwealth Public Speaking Competition was cancelled at the last moment, so as three candidates had worked hard to prepare for the event, we held an John XXIII version, much like the heats of Famelab. Yvie Rigg from year 10 was the winner, ahead of Meg Derbyshire and Asha Patonn who also performed well. Congratulations to all three girls, and special thanks to Ms Lana Turner and 2022 Magis Captain Genevieve Ferguson-Allen for their assistance with judging the event.

Meg

Asha

Yvie

DA VINCI DECATHLON

Congratulations to all students from years 7 to 10 who participated in the 2021 Da Vinci Decathlon at the University of Western Australia's Winthrop Hall in March. John XXIII teams performed very creditably against 25 of the top colleges in WA to gain Certificates (placing in the top 3 schools) in 4 events:

Year 9 Creative producers – 1st place

Year 8 Engineering – 3rd Place

Year 8 English - 3rd place

Year 7 English - 3rd

COACHES

Warmest thanks to the teachers who assisted the teams:

Ms Morgan Ball and Mrs Margaret Yoon (Cartography),

Ms Joan Davies (Coding), Mrs Jo Friel (Maths)

Mr Gerry Cotter and Dr Ylenia Casadio (Science)

Mr Nathan Munns (Engineering) and Ms Eva-Marie Catina (Gk)

DRONE CLUB

A dedicated group of students under the expert guidance of Mr Damien Connellan has participated in Drone Club sessions throughout 2021. The boys involved have developed many skills and are dedicated to this amazing technology.

**TOURNAMENT
OF MINDS**

John XXIII fielded a Science-Engineering team in this year's Tournament of Minds Competition at Edith Cowan University. Although not making the finals, the team represented the college extremely well, showing talent, creativity, enthusiasm and teamwork. Special thanks to Mr Stuart Massie who facilitated the team through its many training sessions including weekends. Mr Massie's support of the Tournament of Minds Program over many years has been outstanding.

Magis Camp Year 8 Talent Show performers

CREATIVE EDGE CHALLENGE 2021

John XXIII had a terrific year in the Creative Edge Challenge event held at Curtin University. This major WA event includes schools from all around the state, and we fielded teams from years 7, 8 and 9 in 2021.

In the Regional Round our teams performed superbly, with the outstanding year 8 team winning through to the WA finals, in Society and Environment, whilst the Year 7 Literature and Communications team won honours and narrowly missed the grandfinal. The Year 9 team competing in the Language Literature section probably deserved a Spirit Award, as they had been plagued by injury and illness leading up to the Regionals, yet produced an impressive performance in the face of adversity.

Year 8's performed brilliantly in the WA Grandfinal to be runners-up to an exceptional year 9 team from Iona. Congratulations to all teams and special thanks to our wonderful parent supporters and to Mr Damien Connellan for his assistance to the year 9s at the Regionals.

FAMELAB

John XXIII competed in the WA section of Famelab, an international competition focussed on STEM in which each contestant is required to present a six-minute talk on a topic related to Science, Engineering, Technology or Mathematics. The competition is for year 9 students.

Five contestants from our college competed in the college event, from which the winner moved to the WA final. Warmest thanks to the Science Department and Ms Daisy Farley for their great work adjudicating our school grandfinal.

The winner of the college section was Xavier Jeffreys, who then went on and represented the college with distinction in the WA final held at the Heath Ledger Theatre in Perth. Xavier finished in third place which meant a \$500 prize for himself and \$1000 for the Science department at school.

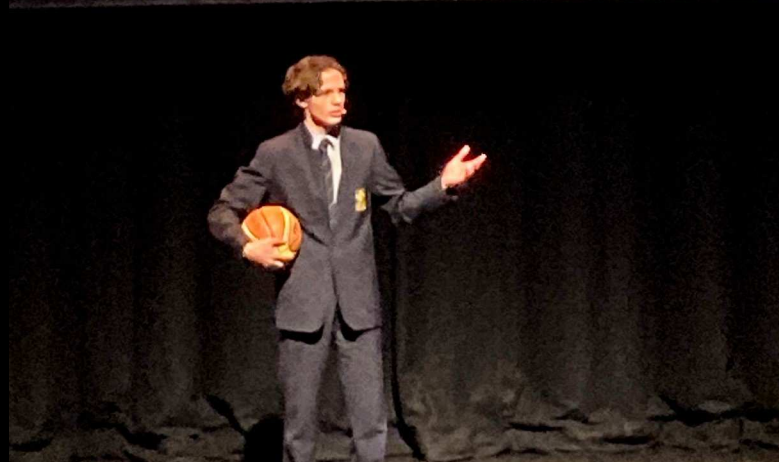

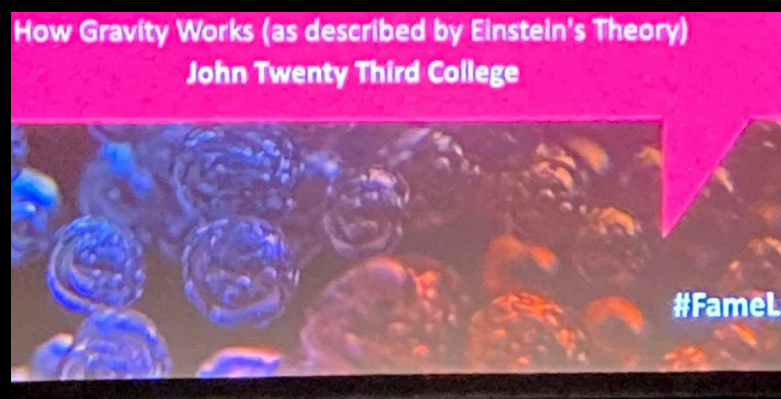

Congratulations to all contestants on the high quality of each talk and the Science department for their support of this important new Magis event.

Magis Chronicle 2021

FAMELAB WA GRANDFINAL

Held at Heath Ledger Theatre, Perth

Magis Chronicle 2021

INTERNATIONAL DEBATING

After a successful first season in International debating, John XXIII is fielding three teams in 2021, with a year 9 team of Gemma Bailey, Tom Syminton, Hunter Giles- Shanley, the Year 8 team Amelia Watts, Thalia Kurniawan, Matthew Gardner and Callum de Andrade, and year 7's with Charlie Pronk, Joy Cho, Tom Beach, Phoebe Walsh and Felicia Zhao. Year 8 and 9 teams both had two excellent wins against top Eastern States teams, whilst the year 7 team was impressive against older teams. Special thanks to Ms Daisy Farley for her great work with the year 8's.

Year 7's in action

Deep in concentration

Year 8: Thalia, Amelia and Callum

9: Tom Syminton, Hunter Giles-Shanley, Gemma Bailey

7: Charlie Pronk, Tom Beach, Joy Cho, Felicia Zhao

ETHICS OLYMPIAD

John XXII College was represented this year in the Ethics Olympiad by fine year 7 and year 9 teams, coached by Ms Morgan Ball and Ms Daisy Farley. Their performances against top colleges was of the highest quality. Congratulations to all students in this outstanding competition.

Top: Year 7: Imogen, Joy, Phoebe, Charlie, Molly and Chloe with Ms Ball
Below: Year 8: Meg C, Meg D, Asha, Sky, Gemma
