

BUILDING YOUR FUTURE

FREE information night about local apprenticeship opportunities

The Murray Division of Master Builders NSW together with public schools invite you to an Information Evening to learn about apprenticeships from local tradespeople, businesses and apprentices.

An apprenticeship will teach you transferable skills for life – you will work hard, learn from skilled tradespeople and develop your skills. Your trade training may lead you to manage your own business, supervise apprentices and tradespeople and oversee multi-million dollar construction projects. An apprenticeship opens a world of opportunity.
