For all Mouthguards - single colour or multi colours eg AFL colours the cost will be \$150.00 - Custom colours and patterns (no writing or logos) are available for an extra \$30 and may take longer

Whatever sport is played, the right gear is needed to reduce the risk of injury. Mouthguards offer your teeth and jaw the protection they need. The best mouthguards are individually fitted and made from a mould of your teeth. They fit better and are more comfortable.

They help to provide protection by;

- * Decreasing risk of injury to front and back teeth
- * Cuts to lips, cheeks and gums from sharp edges of teeth are reduced.
- * Reduces the risk of jaw fracture and concussion by acting as a shock absorber

Please complete the order form and return it with your payment to the school at the time of your fitting
