

CRANBOURNE SOUTH WEST PRIMARY SCHOOL

Cranbourne South West Primary School is being built through the New Schools Public Private Partnership and will open for students in Term 1, 2017.

The school will provide first class learning and teaching facilities including:

- A Community Hub offering YMCA programs and services
- An expanded gymnasium to Netball Australia standards
- An educational sustainability program for all students

For more information about:

- Enrolments
- Community Information Sessions

Cranbourne South West Primary School

Dear Community,

I would like to introduce myself to you as the recently appointed Principal of Cranbourne South West Primary School. I really enjoy the role of Principal and am excited about this opportunity to develop our school as the centre of our new community.

I was the Principal of Somerville Rise Primary School for the past nine years. Prior to Somerville Rise I was the Principal of Crib Point Primary School and prior to that Assistant Principal of Devon Meadows Primary School.

I have worked as a primary school teacher since the late seventies in schools all over South Eastern Melbourne but predominantly on the Mornington Peninsula. I have experience as a classroom teacher as well as a specialist Phys Ed teacher.

In my spare time I really enjoy a hit of golf, a paddle at the beach or some gardening at home. I live in Mornington with my wife Loretta and our three children. My daughter is a doctor on the Mornington Peninsula; my other daughter is a Secondary School Phys Ed teacher & my son is studying business management at university.

Our new school will be opening on the first day of the 2017 school year. We are not taking enrolments at the moment. I will be based at Lynbrook Primary School while our school is being built. If you need to you can contact me there on Ph: 8787 5390 or email: felsinger.andrew.a@edumail.vic.gov.au

Over the next few weeks I will be establishing our School reference group and then registering our name for the school, school colours & uniform, developing our enrolment process and our website.

Andrew Felsinger
