

## ABOUT US

Imagination Lab is an inspired dream of its two co-founders, a speech pathologist and a teacher. This dream is to ignite the passion for learning in their students through exciting STEAM learning experiences.

## Why choose us?

We strive to provide unique STEAM educational opportunities and platforms for our students and clients to innovate and create. We believe that every child has a bright future, and Imagination Lab provides the opportunities for students to explore their learning passion and potential.

Contact us for information.

## What is STEAM?

STEAM is an educational approach to teaching and learning that integrates the content and skills of Science, Technology, Engineering, Arts and Mathematics.

STEAM education focuses on preparing and inspiring generations of learners to meet the challenges of the global society through innovation, collaboration, and creative problem solving.

# OUR SERVICES

Imagination Lab is focused on delivering high quality programs designed by educators and professionals passionate about inspiring the future generation.

## Why STEAM?

We believe STEAM is a great educational approach to teaching and learning. The majority of our programs are designed according to the STEAM pedagogy, Victorian Curriculum and current child development theories.

STEAM stands for Science, Technology, Engineering, Arts and Mathematics, At Imagination Lab, we provide a wide range of unique STEAM learning experiences such as 3D printing, interactive storytelling and coding with robotics - workshops and programs that spark curiosity for learning!

*Develop a passion for learning . If you do , you will never cease to grow .*

-Anthony J. D'Angelo

*Innovation distinguishes between a leader and a follower.*

-Steve Jobs

### 1 STEAM Workshops

Our highly popular STEAM workshops run on a weekly basis covering a particular subject such as cooking, science, coding and 3D printing.

### 2 Learning League

An after-school program where students are encouraged to complete homework or engage in educational opportunities under the guidance of qualified educators.

### 3 School Readiness

Imagination Lab's school readiness program is designed for pre-schoolers to build confidence and knowledge in their literacy, numeracy and social skills.

### 4 Holiday Programs

We host a wide array of STEAM workshops during the school holidays. These exciting workshops vary from introductory sessions to advanced masterclasses.

### 5 Private Workshops

Can't get enough of our content during the week? Inquire about our private educational parties, functions and incursions, tailored for kindergartens, schools, kids, or adults.
