SCOPE

This policy applies to the general collection, use and disclosure of photographs, video and recordings (images) of students. The policy does not cover the use of Closed-Circuit Television (CCTV). The use of CCTV is covered in the department's CCTV in Schools Policy.

POLICY

There are many occasions during the school year where Baimbridge College staff photograph, film or record students participating in school activities or events, for example excursions, sporting events, camps, etc.

We do this for many reasons including to celebrate student participation and achievement, to showcase learning programs and communicate with our parents and school community on social media, our website and other publications. There may also be occasions where we take images to support student behaviour management or to fulfil legal obligations. Further detail is provided within this policy.

In addition to the above, there may be situations where a third party requests to take, use or disclose images of students.

This policy outlines the practices that Baimbridge College has in place for the collection, use and disclosure of images of students to ensure compliance with the *Privacy and Data Protection Act 2014* (Vic). It also explains the circumstances in which we will seek parent/carer consent and how consent can be provided and withdrawn.
