

KELLY CLUB AITKEN NEWSLETTER TERM 4

We had Craft week at OSHC so the children could get out their creative and imaginative skills. The children participated in yarn patterns, felt pictures, making pompoms and sewing. For some, it was their first time sewing and even though they found it a bit tricky, it was great seeing the children give it a go! They created some fantastic pieces. The children also made a poppy wreath for Remembrance day to show their respects.

During week 7 it was the Grade 6's turn to pick the activities for the week. The children chose group games, iced biscuits, a movie and origami. The children really enjoyed the iced biscuits, we used white chocolate and different coloured sprinkles to decorate. Kelly Club operating on the pupil free day during week 7. The child who attended on the day were engaged in games, marshmallow building and making pictures out of fruit loops.

This week at OSHC our activities for the week will be based all around Africa, as we will be exploring the continent.

Reminder-

We are now taking bookings for the upcoming holidays. Please get in contact with us to secure a spot for your child/ren, as excursion and incursion days have limited spots available.
