3 June 2020

Dear local business,

You probably know that Milpara Community House is a unique and important local organisation offering information, support, services and learning opportunities to the Korumburra community and surrounding areas.

The House is governed by a volunteer Committee of Governance. The Committee of Governance is currently seeking a Treasurer.

We have attached a position description for the role, and invite you to consider being involved with the organisation yourself or actively passing on this invitation to individuals in your staff or broader social and professional networks who may be a good fit for the skills and responsibilities.

Committee of Governance roles are flexible, and the Committee is keen to meet with individuals interested in sustaining and building the capacity of Milpara Community House to meet the needs of our growing and changing communities. Mentoring, training and skills development are available, in addition to the well-documented benefits of volunteering.

Please contact Milpara Community House Manager Jenni Keerie or Committee President Neil Coxon for further information (or if you have any leads) on 5655 2524.

With kind regards, and in anticipation of your consideration,

Sarah Kerwick

Sarah Kerwick
Secretary
