

Mechanical Engineering Apprenticeship Opportunities

Fitter & Turner | Longford (Gippsland)

Start your new career with WPC Group and Esso Australia in early 2023

An excellent opportunity is now available to commence a full-time, four-year apprenticeship in the Mechanical Engineering (Fitter & Turner) trade based at Esso's Gippsland Gas Plant. In this apprenticeship, you will be supported and trained by a team of experienced and skilled tradespeople, have access to WPC Group's industry leading mentoring program and a nationally recognised qualification: Certificate III in Engineering - Mechanical Trade, at TAFE.

What you'll be doing?

- Examine detailed drawings or specifications to find out job, material and equipment requirements.
- Diagnosis, fitting and troubleshooting of mechanical seals and seal systems, and workshop machining.
- Identify defect or worn mechanical components or equipment.
- Check accuracy and quality of finished parts, tools or sub-assemblies.
- Undertake maintenance and repair activities on a wide range of plant mechanical components.

Why join us?

- WPC Group employs over 600 apprentices & trainees in Australia. 15,000 individuals have graduated through our employment programs and created long-term careers for themselves.
- Receive world class safety practices, training, mentoring, industry leading skills and an opportunity for variety and exposure to many aspects of the industry.
- 2021 Award Winner for the Australian Training Awards, Australian Apprenticeships - Employer Award.
