

14 October 2021

Dear Business Owner / Property Owner

Clyde Road, Berwick – Upcoming night works and disruptions on the Pakenham line

The Victorian Government is removing 22 dangerous level crossings, including the one at Clyde Road, as part of a \$15 billion investment to upgrade the Pakenham line that will improve safety, reduce congestion and allow more trains to run more often.

Major works are underway to build the new Clyde Road underpass and improve local connections.

Upcoming 24/7 works

We'll work around the clock from **9pm Tuesday 26 October until 3am Friday 29 October**, while buses replace trains on the Cranbourne and Pakenham lines.

During this time, works in the rail corridor and around the level crossing will include:

- works to prepare the foundations for the new road underpass and new rail bridge
- installing underground services and drainage
- constructing a rail access track and delivering rail materials.

What to expect

- Large machinery onsite and increased heavy vehicle activity around the level crossing.
- Moderate construction noise, dust and vibrations.
- Pedestrian and cyclist detours, lane closures, reduced speed limits and traffic management to help you move safely through the area.

Buses replace trains on the Cranbourne and Pakenham lines

Buses replace trains between Westall, Cranbourne and Pakenham from **8.30pm Tuesday 26 October to last service Thursday 28 October**.

To plan your journey, visit the PTV website ptv.vic.gov.au or call **1800 800 007**.

Shuttle bus service during footpath closure

For the safety of the community while we work, accessible pedestrian and cyclist access to Berwick Station from Clyde Road will be closed from **7am Tuesday 26 October until 3am Friday 29 October**. Stair access via Kangan Drive remains open.

During this closure, the project will provide a free shuttle bus service which will be available from **7am to 9pm from Tuesday 26 October to Thursday 28 October**.

The shuttle bus service can be used by pedestrians (including wheelchair, pram and mobility scooter users) and cyclists to move between the north and south sides of the level crossing on Clyde Road to access Berwick Station.

If you require this shuttle bus service, make your way to the nearest pick up location; either:

- **south:** corner of Clyde Road and Enterprise Avenue
- **north:** Berwick Station car park, near station entrance.

See map overleaf for the pick up and drop off locations.

A customer service representative will be present to help you use this service. Please note that travel times will vary and delays during peak times may be experienced.

If you need to travel across the level crossing outside times the free shuttle bus service is operating, please ensure you make alternative arrangements.

On **Wednesday 27 October between 1am to 5am**, pedestrian access to Berwick Station from the northern car park will be closed due to works. During this time, a detour will be in place via the level crossing on Clyde Road and Kangan Drive to access Berwick Station.

Major works in 2022

A temporary closure of the Pakenham line and Clyde Road will be required in January and February 2022. We'll provide more information closer to the time about what to expect.

Health and safety

Works are continuing safely on The Clyde Road Level Crossing Removal Project with COVID Safe plans in place to help protect workers and the community.

Strict processes are in place to check and record the vaccination status of workers entering construction sites.
