

**START  
YOUR  
CREATIVE  
CAREER  
NOW!**

# **TRY A CAREER DAY**

**July 30th - August 3rd**

**GAIN HANDS-ON EXPERIENCE:**

**FILM / GRAPHIC DESIGN / MUSIC & SOUND**

**[www.mpc.wa.edu.au](http://www.mpc.wa.edu.au)  
(08) 9329 1777**

**Interested in a creative career? We invite you to spend a day with us at Mount Pleasant College to experience what it's like to work in the film, graphic design or songwriting/recording industries.**

### **Film (YouTube Video) - Mon / Tue**

Participants will star in their own YouTube video while learning how to use video and lighting equipment to create a fun and informative piece of entertainment. During this process, participants gain experience with what is involved in the production of media in today's quickly changing media landscape.

### **Graphic Design (Fashion Brand) - Mon / Tue / Wed / Thur / Fri**

Using industry tools and software, participants will create their own fashion brand. The branding exercise includes designing a logo, business card, swing tag and a t-shirt with their own design printed on it. This is a fun experience as participants learn about the design principles and process behind what it takes to create a successful brand.

**\*Participants must bring their own light coloured t-shirt to the workshop.**

### **Music & Sound (Song in a Day) - Mon / Tue / Wed / Thur / Fri**

Starting from scratch participants will collectively write a fully fleshed out song. Students then take that song into a professional recording environment where they see how it comes to life on each instrument and experience what is involved in the mixing process. At the end of the day participants take home a professionally produced song that they appear in and have worked on from concept to completion.

**July 30th - August 3rd** additional dates may be available

**9.30am - 3.30pm**

**Cost \$15 (includes lunch)**
