

The theme is....

I Spy with my little eye!

Count how many glass containers in cupboards. EG. How many glass jars are in the bathroom, living room, study etc..?

It might look like a tally or record sheet. You could name and send your results into Mrs Dickie

Room	Uses
Bathroom III	Light, soap dispenser
Living Room	

Cooking For Kids

After discussing cooking with an adult, try making 'glass biscuits'. You will find recipes in the links below.

Glass Full!

Make a meal in a jar... take photos and send to Mrs Dickie

kdickie@arm.catholic.edu.au

Tool Time-

First Nations peoples have used and worked with glass for thousands of years and continue to do so today. Rather than using glass, make a tool using rocks- paint it like it is an ornate family heirloom.
