Dear SKiPPS parent/guardian,

Yr 6 Curriculum Contributions, Extra-Curricular Items and Activities and Other Contributions 2026

St Kilda Park Primary School is looking forward to another great year of teaching and learning and we would like to advise you of St Kilda Park Primary School's financial contributions for 2026.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, all government schools require and request an annual contribution to cover the cost of essential learning items and we appreciate the ongoing support of our families in making this payment to ensure that our school can offer the best possible education and support for our students.

The **Curriculum Contribution** we ask you to consider making is to provide class requisites (stationery, texts, books, equipment, online subscriptions) for your child to use daily in the classroom. At other schools parents are issued with a book list and asked to source these resources themselves, however SKiPPS chooses to purchase everything your child needs throughout the year in bulk at discounted prices. This allows us to keep parent contributions below what is asked by other schools and provide consistency of materials that all students can access.

This Curriculum Contribution also includes the cost of excursions/incursions and other activities or services that the school deems essential to student learning of the standard curriculum (eg. Year 3/4 Kitchen Garden etc). Families will be informed in advance with a notice when all activities are conducted throughout the year.

All government schools also rely on **Other Contributions** from families in order to provide additional activities, supports, equipment, resources, materials, services and building maintenance to broaden and enrich your child's time at our school. **For 2026 we are requesting a general contribution amount of \$250** and this includes a contribution to allow us to employ a **designated staff member to manage first aid and medical needs across the school**. We also have tax-deductible funds set up for our school Library and our Building Fund and we are requesting donations of \$50 for each fund. Contributions made into these funds are classed as fully tax deductible and Compass will issue you with a receipt to present to your accountant at the end of the tax year. SKiPPS is very grateful for this generosity. It's part of what makes St Kilda Park Primary School such a special community.

Finally, we draw your attention to **Extra-Curricular Items and Activities**. We do not ask for payment up-front for these but rather ask you to pay if you would like your child to take part. This includes non-compulsory things like school photos, the Maths Talent Quest, District sports events or private individual music tuition.

We want to thank you for all your support, whether that is through fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

Neil Scott

PARENT PAYMENTS POLICY

ONE PAGE OVERVIEW

FREE INSTRUCTION

- Schools provide students with free instruction and ensure students have free access to all items, activities and services that are used by the school to fulfil the requirements of the Curriculum. This includes the Victorian Curriculum F-10, the Victorian Certificate of Education (VCE) and the Victorian Pathways Certificate.
- Schools may invite parents to make a financial contribution to support the school.

PARENT PAYMENT REQUESTS

Schools can request contributions from parents under three categories:

Curriculum Contributions

Voluntary financial contributions for curriculum items and activities which the school deems necessary for students to learn the Curriculum.

Other Contributions

Voluntary financial contributions for non-curriculum items and activities that relate to the school's functions and objectives.

Extra-Curricular Items and Activities

Items and activities that enhance or broaden the schooling experience of students and are above and beyond what the school provides for free to deliver the Curriculum. These are provided on a user-pays basis.

- Schools may also invite parents to supply or purchase educational items to use and own (e.g. textbooks, stationery, digital devices).

FINANCIAL HELP FOR FAMILIES

- Schools put in place financial hardship arrangements to support families who cannot pay for items or activities so that their child doesn't miss out.
- Schools have a nominated parent payment contact person(s) that parents can have a confidential discussion with regarding financial hardship arrangements.

SCHOOL PROCESSES

- Schools must obtain school council approval for their parent payment arrangements and publish all requests and communications for each year level on their school website for transparency.
