WHAT'S BEEN HAPPENING

Dear families,

It's been another fun-filled and creative week at Team Kids!

STEM Club Adventures

Our young inventors have been exploring the exciting world of technology in STEM Club. This week, they impressed us with their brilliant creations—electric cars, sturdy bridges, and speedy racing cars! Their creativity and curiosity were truly inspiring, and we're so proud of how engaged they were in building and problem-solving.

Crafty Creations

Not only did we have budding engineers this week, but we also had talented artists! The children showcased their amazing art and craft skills by making adorable sock dolls, fun shrink sheet keyrings, and colorful scratch art. It's wonderful to see their imaginations come to life in so many ways!

Upcoming: Book Week Celebrations!

Next week, we're turning the page to something extra special—Book Week! We're excited to celebrate the joy of reading and storytelling. On Tuesday, we'll be holding a Book Week Party, and everyone is invited to dress up as their favorite book character. Let's bring our books to life and enjoy some disco dancing in our costumes! We can't wait to see all the amazing outfits!

Wishing you all a safe and happy weekend!

Warm regards,

Eric
Director of Team Kids Before and After School Care
