

# Power Your Future with Watters Electrical!

## Electrical Apprenticeship at Watters Albury

Work on electrical systems for homes, businesses, community facilities, large projects, and industrial sites. Learn from experts and build a career in an essential trade that is always in demand.

### Why Choose Watters Electrical?

- **Work Across All Sectors:** From homes and schools to hospitals, solar farms, and major industrial sites, you'll gain unmatched experience across the full spectrum of the electrical industry.
- **Real-World Ready:** Apprentices at Watters become confident, job-ready, and realistic about the commitment.
- **Soft Skills + Technical Skills:** Build communication, punctuality, and problem-solving skills alongside your trade training.
- **Career Variety:** Every day is different — problem-solving, using your hands, and seeing the results of your work.
- **Family-Owned, Trusted for 65+ Years:** Join a respected team that invests in your success.

### What we look for in Apprentices:

- **Initiative & Curiosity:** Ask questions and show a willingness to learn.
- **Reliability & Work Ethic:** Show up on time, every day, ready to go.
- **Accountability & Responsibility:** Take pride in your work and contribute to the team. General work experience — whether through casual jobs or volunteering — shows us you can be relied on.
- **Leadership Potential:** We value those who step up — in school, sport, or other roles.
- **Pre-Apprenticeship Courses:** Completing one is a strong signal to us that you're serious about the trade and have foundational knowledge.

### Your Career **Growth:**

- Trades offer a clear pathway to secure, well-paid, and meaningful work without university debt.
- Strong opportunities for growth – from apprentice to qualified electrician, through to supervision, project management, or even business ownership.
- The trade is future-proof, with demand across solar, communications, automation, and more.
